Wistaria Chinensis

TESTIMONIALS.

GOULBURN, N.S.W., December 21st, 1896.

DEAR SIRs, I am very glad to be able to inform you that the bulbs, thanks to your splendid packing, arrived in faultless condition, much better than I have seen them arrive in London from another firm.

Your faithfully, (Signed) THE GOULBURN SEED & NURSERY Co.

BOSTON, MASS., December 4th, 1896.

DEAR SIRs, All of your plants have arrived safely and we are very much pleased with them. We think you have done very well in all of the shipments and shall remember in future.

Your truly, (Signed) THE SHADY HILL NURSERY Co.
E. L. BEARD, President.

NEWSTED ABBEY, NOTTINGHAM, ENGLAND, January 12th, 1897.

Miss Ethel Webb has much pleasure all the things arrived in good conditions, the Paeonies were very fine strong roots, and Miss E. Webb hopes will do well, the were certain per cent of Lily bulbs bad, but of course this is to be expected, the Iris Kaempferi, were none the worse for their journeys, and the small herbaceous plants, were quite alive and green: and Miss E. Webb thinks they transport better in autumn, than in spring.

AUCKLAND, N. Z., April 17th, 1897.

GENTLEMEN, We have pleasure in advising you that we have received the goods sent via Wellington. We are glad to report favourably on all our importations from Japan this year, and we appreciate the hearty good will and generous attention you have given to all our requirements. Nearly all plants we received from you are now growing well; we shall have very few losses and we hope also to be successful with seeds and bulbs.

With best wishes, We are, Yours faithfully, (Signed) D. HAY & SON.

SAN FRANCISCO, CAL. U.S.A., December 9th, 1896.

DEAR SIRs,

The last shipment per steamer *Doric* arrived in good condition and proved satisfactory.

Yours truly, (Signed) PACIFIC NURSERY.
F. LUDEMANN.

PHILADELPHIA, PA., U.S.A., April 16th, 1897.

GENTLEMEN,

The Iris and Peonies and Maples ordered by me in December, have arrived in good condition and I am much pleased with them.

Yours truly, (Signed) JOHN T. MORRIS.

BASTON MANOR, HAYES, KENT, ENGLAND, December 13th, 1896.

DEAR SIRs, I beg to tell you the Schizocodon you sent by sample post via Canada have all arrived in capital condition. We have planted them, and every one is alive. We hope to have such a show as can not be seen anywhere else in England. Did I tell you the tree peonies we got from you, were so beautiful last season many people came on purpose to see them.

Yours truly, (Signed) ALFRED TORRENS.

BRIGHTON NEAR MELBOURNE, November 14th, 1896.

THE YOKOHAMA NURSERY Co.

DEAR SIRs, The Cycas, Sciadopitis, Rhaps Flabelliformis and Lycoris Aurea arrived to day in splendid condition and as fresh as when they left you.

Yours truly, (Signed) W. R. VIRGOE.

GORGIA STREET NURSERY, VANCOUVER, B. C., January 2nd, 1897.

GENTLEMEN,

We are pleased to say that the shipment arrived in very good order and that we are much pleased with it.

Yours truly, (Signed) WALKER & ROBISON.

BENDIGO, AUSTRALIA, May 20th, 1897.

DEAR SIRs, The plants you forwarded me, dated on invoice 9th March, reached me with safety and in perfect condition for which I was much pleased. I am etc. (Signed) S. G. GADD,

Curator of Bendigo Parks & Gardens.

ADDRESS FOR ALL LETTERS:—

THE YOKOHAMA NURSERY Co., Limited,
Nos. 21-35, Nakamura, Yokohama, Japan.

BRANCH OFFICE:—At 15, Broadway, New York, U. S. A.
A. B. C. Code 4th Edition used.

CABLE ADDRESSES:—

“UYEKIKAISHA YOKOHAMA.”
“SUZUKI NEW YORK.”

Yokohama, 1st January, 1898.

To our customers,

We have much pleasure in presenting to you our annual descriptive catalogue for 1898 in which our customers will observe some important alterations with new illustrations and we take this opportunity to tender our thanks to our patrons and friends for their past liberal support and solicit for the continuance of their goodwill and to express our grateful sense of appreciation to those who have kindly recommended and introduced our firm to their friends thereby materially helped us in increasing our connections, and we are now undoubtedly the largest exporting house of the line in this country.

The rapid increase in our business affords us easy means to collect stocks from different farms. Our stocks grown in Yokohama and local nurseries naturally lend to further facilities to supply the best stocks in large quantities at moderate prices than are offered in any other places in Japan.

We are growers and dealers of *LILY-BULBS*, *CYCAS REVOLUTA*, *RHAPIS PALMS*, *CHRYSANTHEMUMS*, *BAMBOOS*, *PEONIES*, and all other nursery stocks as well as dried *Cycas*, Leaves, dried *Eularia* Panicles, Bamboo Sticks, flower pots and Seeds and can supply promptly large quantities of any sizes and description at reasonable prices.

Our firm being located at the commercial centre of the Empire, we have every convenience necessary to facilitate our business and give despatch to our shipments.

To secure safe transit from this port to any different European and American markets we always keep our plants in pots so that they will arrive in perfect condition.

We are,

Yours respectfully,

The Yokohama Nursery Co., Ltd.

B U S I N E S S.

PAYMENT:—All the orders should be accompanied by cash in the form of Draft, Cheque or P.O. Order. Remittance should be crossed "The Yokohama Specie Bank" (Main Office, Yokohama), or "Hongkong and Shanghai Banking Corporation (Branch, Yokohama) or any others existing in Yokohama. Owing to the difficulty in collecting accounts, no order shall be attended to, unless accompanied with remittance from party unknown to us or those whose account of previous season remains unsettled.

NO CHARGE for packing and cases but consular fee, insurance and freight will be charged if prepaid; best possible care is taken in packing.

DAMAGE in transit, it is distinctly understood that we take no risk whatever for contingent injuries and all goods shipped at purchasers' risk.

ORDERS should be sent early as possible so as to make preparation and to ensure early delivery in proper season.

ALL ORDERS taken and accepted by THE YOKOHAMA NURSERY Co., Ltd., or by their representatives are subject to the condition of production or short supply beyond their control.

PRICES are made up with the American gold dollar which is equivalent to about four shillings, marks or five francs.

T I M E O F S H I P P I N G F R O M J A P A N.

BULBS:—The trade demands earliest possible shipment. *Lilium longiflorum* we commence shipping from early part of August and other lily bulbs from September but the best time of shipping is from October to December or can be safely shipped up to middle of March.

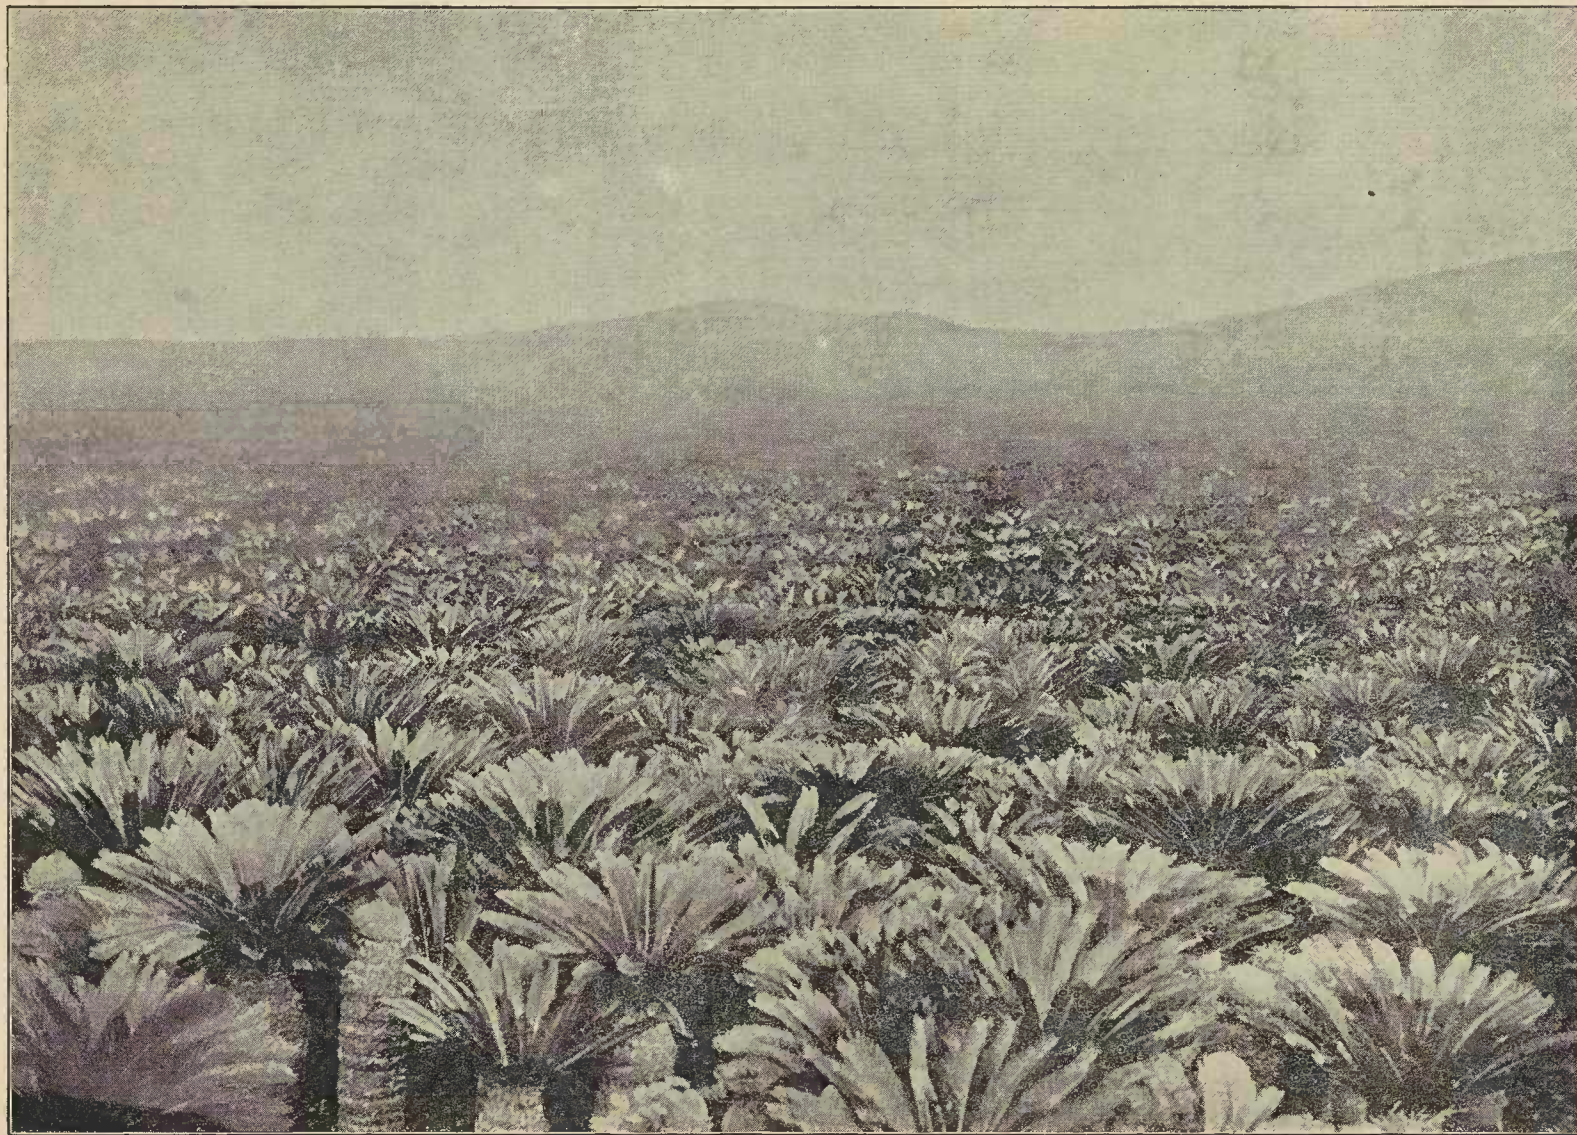

PLANTS.—The best time of shipping will be from October or can be sent up to February and in some instances spring shipping in desirable.

SEEDS:—will be ready from December to January. Large quantity may be shipped as ordinary goods or per parcel post but small lot will better be sent per sample post as soon as one kind ready. Postage 10 cents per pound for any postal union country. We pay utmost care in the selection of our seeds and they are best procurable but we shall not be responsible as to productiveness.

SEEDS ORDER for large quantities should be sent in as early as possible even a provisional order so as to make the necessary preparation for gathering early in season.

ATTENTION called for those living in the southern hemisphere to send their orders in advance and leave us to ship at the best time from Japan as very often orders reach us in wrong season and are obliged to hold over till next season.

COMPLAINTS are heard why we do not send the whole of an order in one lot instead of instalments but the dormancy of plants and nature of stock require shipping at different time accordingly in order to ensure safety in transit and very often we can not wait until others get ready.

Field of *Cycas Revoluta* in The Yokohama Nursery Co.

RATES OF FREIGHT FROM YOKOHAMA.

(Subject to fluctuation according to season.)

For London, Hamburg, Bremen and Marseille	35/ to 45/ per ton of 40 cubic feet.
„ Australian ports	35/ to 40/ „ „
„ New Zealand and Tasmania	40/ to 50/ „ „
„ San Francisco, Vancouver, Seattle and Tacoma	Gold \$6. to 9. „ „
„ United States and Canada via Overland	1 $\frac{1}{4}$ to 1 $\frac{3}{4}$ cents per lb.
„ New York via Suez Canal	40/ to 50/ per ton. „

OF

FLOWERING, ORNAMENTAL TREES, SHRUBS, BULBS, HERBS, CLIMBERS, FRUIT TREES, &c.

FOR SALE BY

THE YOKOHAMA NURSERY COMPANY, LIMITED,

Nos. 21-35, NAKAMURA, YOKOHAMA, JAPAN.

Lilium Longiflorum.

LILIES.

THERE is perhaps no flower in Japan so widely known as the lily it being the most beautiful and ornamental of bulbous plants in cultivation. We are special growers and exporters of these bulbs. Above 5,000,000 bulbs are exported every year. Nearly all Lily bulbs exported from Japan pass through our hands, directly or indirectly. This will prove that we are the largest establishment in this business.

Lilium Auratum, this superb lily is well known as the Japan Golden Banded Lily, and is the most showy of the genus. Its flower is from 10 to 12 inches in diameter and is studded with rich chocolate crimson spots on ivory white ground with pale but distinct yellow ray bands. It often produces more than 20 flowers to the bulb and they have a strong sweet fragrance:—

Size.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.	Per 10,000 \$ Gold.
6- 8 in. circ.	..	\$ 1.40	\$ 13.00	\$ 120.00
8- 9 "	..	\$ 2.35	\$ 21.50	\$ 195.00
9-11 "	..	\$ 3.40	\$ 31.35	\$ 285.00
11-13 "	..	\$ 6.30	\$ 57.75	\$ 525.00
13-15 "	..	\$ 13.00	\$ 121.00	\$ 1,100.00

Lilium Auratum Platiphyllum, (*L. A. macranthum*), close ally of the preceding but larger and finer in all respects. Its flower is from 10 to 12 inches across with broader petals and especially noted for its lustrous broad leaves which give double attraction. The flower is generally studded with crimson chocolate spots like the Auratum lily:—

Size.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.	Per 10,000 \$ Gold.
8-10 in. circ.	..	4.50	40 00	..
10-12 "	..	5.50	50.00	..

Lilium Auratum, Pictum, similar in form to the Auratum but is tipped with crimson shade at the ends of the yellow rays:—

Size.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.	Per 10,000 \$ Gold.
9-10 in. circ.	..	5.50	50.00	..

	Size.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.	Per 10,000 \$ Gold.
Lilium Auratum, Rubro - Vittatum, one of the rarest bulbs. Flower large as L. Auratum and studded with purplish crimson spots with purplish crimson band to the middle of each petal, very attractive and most showy of all.	6- 8 in. circ.	\$2.00	18.00	165.00	..
Ditto	8- 9 ,,	2.50	22.50	200.00	..
Lilium Amatum, Rubro - Vittatum, Platyphyllum. This new variety with the type of L. A. Platyphyllum is finest of all lilies grown in Japan. Its purplish crimson band in middle of petal is so broadly stained that it looks as the coloured petal is margined with white. The plant is stately and magnificent as L. A. Platyphyllum	\$22.50
Lilium Auratum, Wittei (L. Virginale), superb variety, flower white with yellow bands without spots, fragrant, large and well opened flower; very attractive and rare kind	6- 8 in. circ.	\$ 2.00	\$18.00	\$160.00	..
Ditto	8- 9 ,,	2.50	22.50	200.00	..
Lilium Auratum Viginale Album, large flower, white with yellow band in the centre of each petal, and studded with white spots	8-10 ,,	1.00	9.00

CHRYSANTHEMUMS.

THE Queen of autumn flowers is the Japanese national flower and widely known throughout the world for its fantastic shapes as well for the varied and gorgeous colours. In this country special attention is paid in raising this noble and graceful flower. Single plant with 300-400 flowers is often seen in our chrysanthemum shows. Their easy culture, less trouble from insects as well their blooming so late in autumn commend them to the most inexperienced amateurs and make them the most fashionable of the autumnal flowers.

The following 5 varieties are the novelties of this season. Whole collection \$2.00 gold 75 cts. each.

1. **Golden World**, Beautiful yellow round.
2. **Fujiyama**, Snow white, quill petals.
3. **Seikoryu**, Greenish, full double.
4. **Coral**, Rose, broad petal, full double.
5. **The First**, Pink earlist bloomer, full double.

The following best selected collection of pot plants \$3.00 gold per doz.

- Souvenir du Japon**, Light pink.
Favorite, Yellow broad petals, red inside.
Yoshino, Light pink.
Golden Pheasant, Pure yellow.
Nobilis, White.
Triomphe du Japon, Pink, dark red inside.
Merveilleuse, Cream white broad petals purplish pink inside.
Tōyama-no-yuki, Pure white, quill petals.
Yuki-daruma, White large flower.
Yūgesho, blush, large flower.
Adzuma-nishiki, Light pink, purplish-red inside.
Riusagawa, Blush, pink inside.
Fuji-otome, Blush, purplish pink inside.
Kiku-sarasa, Blush, striped with purplish pink inside.
Hatsu-shimo, Pure white.
Miyako-nishiki, Pink.
Hanagumori, Purplish pink.
Yedozakura, Pink.
Hanaryo, Purplish pink dark-red inside.
Ogon-sekai, Pure yellow.
Atrorubrum, Dark red.
Grand Monarch, Pretty rose.
Sun-rise, Yellow, orange inside.
Silver Spoon, Pure white.
Haku-o, Cream-white.
Shin-tatsuta, Light pink.
Shō-jo, Dark orange-red.
Fukinagashi, Purplish-red.
Tokiasobi, Salmon.
Oriental Fame, Round ball, red and pink on reverse.
Crystal Ball, Creamy, perfectly round, red inside of petals.
May Pole, Red and yellow on reverse of petal.
Victory, Salmon round flower.
Royal Banner, Broad larged petals dark-red inside.
Golden Medal, Yellow
Souvenir of Yokohama, Creamy white, hairy.
Diamond, Yellow, somewhat green in centre.
Golden Castle, Yellow round ball.
Golden Bracade, Yellow large round.

CHRYSANthemum (YELLOW)
"GOLDEN PHEASANT"

- Torch Light, Firely orange-red.
Ominato, Light pink perfect ball.
Musashino, Red.
Kimpokwa, Yellow quill large flower.
Hotarobi, Orange yellow.
Tanchō-kaku, White and few petal striped with pink.
Oyama-no-yuki, Pure white, petals drooping.
Mitsuimeisho, Yellow balls.
Oshino-no-yodo, Pink quill petals.
Chiyo-no-hikari, Yellow striped with orange-red.
Tora-asobi, Yellow.
Ogon-dai, Yellow, drooping petals.
Sei-o-bo, Blush large flowers.
Usu-zakura, Light pink, narrow petals.
Yugin-no-taki, Buff narrow petals.
Kudsu-ryo, White.
Horai-no-tama, Light pink.
Hana-no-o, Orange, and red inside.
Ryu-dsu, Orange hairy.
Kimbarin, Yellow narrow petals drooping.
Ikiōjishi, Dark red.
Waka-murasaki, Light pink.
Genji-maru, White, triped with pink inside.
Buo-gun, Yellow.
Yawata-yama, Yellow.
Usugesho, White, pink striped.
Gotenzakura, Pink.
Kanoko-jima, Dark red.
Dojoji, Large tall flower, drooping petals white outside and pink inside.
Taihō-cho, Pink, narrow petals drooping.
Nochi-no-tsuki, White.
Hakuginmaru, White broad petals clasping.
Omandara, Pink petals, red inside.
Hagi-no-tsukasa, Pink quill petals.
Oboro-tsuki, White and pink inside and drooping.
Shingetsuko, White curling flower.
Todoroki-no-taki, White drooping petals.
Riumon, Orange hairy.
Fuji-no-hatsuyuki, White hairy.
Ki-no-tsukasa, Yellow.
Tora-no-hora, Yellow.
Sessho-seki, Yellow elk-horn.
Ugonotsuki, Pink.
Nippon Glory, Pink.

Empress of Japan, Pink large flower.
Silver Wave, White curling.
Pearl, Beautiful white.
Leopard, Yellow tipped with orange red.

PÆONIA MOUTAN.

(TREE PEONIES.)

These immense beautiful well known flowers form also another Japanese pride. We open every year in April the Annual Peony Show in our garden, when we exhibit more than 5,000 plants of different colours, which attract great deal of attention and surprise thousands of visitors. These plants grow in cold as well as hot climes, provided the plants are sheltered from extreme cold and heat. We propagate these peonies generally by grafting.

Our collection of best assorted varieties \$20.00 gold per 100 plants.

26. Benisangai, Crimson petals with lighter color in middle forming three layers.
27. Kamakurako, Double crimson all through.

IRIS KÆMPFERI.

THIS well known beautiful Flag-like flower contains a great diversity of colour, some of the flowers rival the orchid. Some of the flowers measure 10-12 inches. The principal colours are white, maroon, deep blue, carmine violet beautifully, veined mottled, etc.

They flower in middle summer in succession, They succeed both in dry as well as in marshy ground. Gold \$4.50 per 100, \$4.00 per 1,000.

1. **Cekka-no-nami** (Waves on moon light) White double flower, 6 large perianths.
2. **Shishi-odori** (Dancing Lion). Purple large double flower, 6 perianths.
3. **Kumoma-no-sora** (Sky amidst the cloud). White large flower, 6 perianths.
4. **Kumo-no-obi** (Bands of cloud). Blue large 6 perianths.
5. **Ho-ō-jo** (Ho-ō-castle). Maroon large, 6 perianths.
6. **Cei-sho-ui**, Light maroon, large 6 perianths.
7. **Sofu-no-koi**, Maroon and white variegated, 6 perianths.
8. **Mana-dsuru**, (Crane), white large, 6 perianths with blue small petals in middle.
9. **Hana-no-nishiki** (Flower embroidery), maroon large flower, 6 perianths.
10. **Yomo-no-umi** (Boundless sea), white slightly shaded with purple, 6 perianths with violet small petal in the middle.
11. **Meiran**, White maroon variegated, 3 perianths.
12. **Kuma-funjin** (Excited bear), violet full double.
13. **Taiheiraku** (Peace), maroon large, with 6 perianths.
14. **Hana-aoi** (Holy-hock), Blue purple shade, 6 perianths.
15. **Uchiu**, Light blue, 6 perianths, large.
16. **Oshōkun**, Violet large, 6 perianths.
17. **Shippo**, (Cloisonne), Blue large, 6 perianths.
18. **Kumo-isho**, Maroon with violet, 6 perianths with small petals in centre.
19. **Kimi-no-megumi**, White 3 perianths shaded with purple.
20. **Kumo-no-uye**, Violet large double, 6 perianths.
21. **Yezonishiki** (Yezo-embroidery), maroon, stained with lighter colour.
22. **Shishi-ikari**, Maroon, 6 large perianths.
23. **Oniga-shima**, Violet, 6 perianths.
24. **San-no-watashi**, White, 6 large perianths.
25. **Yedo-jiman**, Dark blue, 6 large perianths.
26. **Senjo-no-hora**, Maroon variegation on white ground, 6 perianths.
27. **O-torige**, Light purple 3 large perianths.

28. Shirataki (White water-full), white 6 large perianths.
 29. Shiga-no-ura-nami, Purplish blue, 6 large perianths.
 30. Kaga-ribi, Maroon, large 6 perianths.
 31. Kosui-no-iro, Light blue, 6 large perianths.
 32. Komoch-guma (Bear with youngs), violet double, blooming several close together at the head.
 33. Kakujakuro, Blue large with 6 perianths.
 34. Momiji-no-taki (Maple water fall), Light maroon, 6 large perianths.
 35. Shuchiukwa, White shaded with light purple, 6 perianths.
 36. Yedo-kagami, Light maroon, 6 large perianths.
 37. Uji-no-hotaru, Blue large, with 8 perianths.
 38. Shimoyo-no-tsuki (Frost moon light), white large double flower.
 39. Tsurugi-no-mai, Maroon with large six perianths.
 40. Isō-no-nami, Blue variegation on white ground, large flower consisting of 6 perianths.
 41. Oyodo, Violet with three perianths.
 42. Bandai-no-nami, White double large flower.
 43. Wakamurasaki, Light purple with white spots, 6 perianths.
 44. Kyodaisan, Violet double large flower.
 45. Kigan-no-misao, White double large flower.
 46. Koki-no-iro, Light purple large flower.
 47. Samidare, White double large flower.
 48. Tora-odori, Blue variegated large flower.
 49. Tsuru-no-kegoromo (Crane's feather), white large double flower.
 50. Date-dōgu, Light purple with three large perianths.

8. <i>Cephalanthera erecta</i> , white of the preceding (Pot grown)	1.00
9. <i>Cypripedium debile</i> , small pretty orchid (Pot grown)80
10. <i>Cypripedium japonica</i> , large pendulous flower on stalk between 2 large round leaves (cultivated in pot)80
11. <i>Cypripedium macranthum</i> , a large flower resembling that of <i>calceolaria</i> , leaves alternate on stalk (Pot grown)	1.50
12. <i>Calanthe discolor</i> , pink with erect spike (Pot grown)	1.00
13. <i>Calanthe discolor</i> , yellow (Pot grown)	2.00
14. <i>Calanthe japonica</i> , white (Pot grown)	2.00
15. <i>Calanthe japonica</i> , pink (Pot grown)	1.80
16. <i>Cirrhopetalum Sinense</i>25
17. <i>Cymbidium aloifolium</i>25
18. <i>Cymbidium ensifolium</i> , very fragrant greenish white (Pot grown)	1.60
19. <i>Cymbidium virens</i> , greenish flower, easy growth (Pot grown)	1.20
20. <i>Dendrobium japonicum</i> , white (Pot grown)	1.20
21. <i>Epipactis gigantea</i> (Pot grown)	1.20
22. <i>Goodyera Schlechtendaliana</i> , leaves with spots, white flowers (Pot grown)40	3.50	..
23. <i>Goodyera velutina</i> , reddish purple flower, lustrous leaves (Pot grown)50	4.50	..
24. <i>Habenaria radiata</i> , white wing-like flower, have tuberous root (Pot grown)80	7.50	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
25. <i>Havenaria radiata</i> , variegated leaves (Pot grown)40	3.60	..
26. <i>Luisia teres</i> , peculiar stick-like stem with greenish white flower (Pot grown)	1.50	14.00	..
27. <i>Phajus grandifolius</i> , lipped flower, broad lustrous foliage. Origin of southern province of Japan (Pot grown)40	3.60
28. <i>Phajus maculatus</i> , yellow flower and yellow spots on leaves (Pot with 2-3 shoots).	2.00
29. <i>Phajus wallichii</i> , no spotted variety of the preceding (Pot with 2-3 shoots)	1.60
30. <i>Soshin-ran</i> (<i>Cymbidium</i> ?) pure white, very fragrant (Pot grown with 5-6 plants)80
31. <i>Soshin-ran</i> , (<i>Cymbidium</i> ?) white mar- ginal at tips of leaves (Pot grown with 5-6 shoots)	1.20
32. <i>Kan-ran</i> (<i>Cymbidium</i> ?) equally fragrant, greenish lilac (Pot grown with 5-6 plants)65

JAPANESE ROSES.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
1. <i>Rosa laevigata</i> , single white flowering climber, suitable for trellis, walls and hedges (Pot grown)	1-2 ft.	..	\$1.20	\$12.00	..
2. <i>Rosa microphylla</i> , ball-like double, rose colour (Pot grown)	1 ft.	..	1.00
3. <i>Rosa Banksiae</i> , white flower free bloomer Jasmin scented, suitable for hedges and trellis (Pot grown)	1 ft.	..	1.50
4. <i>Rosa Banksiae</i> , with pale yellow flower.	1.50
5. <i>Rosa rugosa</i> , 2-3 ft. highly ornamental, single rose colour (Pot grown)	1.20
6. <i>Crimson rambler rose</i>	1.20

ORNAMENTAL TREES & SHRUBS (DECIDUOUS.)

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
<i>Abelia spathulata</i> , a garden plant, charac- terized by its five spreading limbs on its fruits (Pot grown)	\$1.50	\$12.50	..
<i>Acanthopanax aculeatum</i> , good hedges plants (Pot grown)	1.50	12.50	..

ACER (MAPLE.)

Acer polymorphum, the famous Japanese maple. None of autumnal trees excels this, some change their colours of leaves to yellow, others to red in autumn. Some of the varieties giving their rich crimson colouring in the spring when they shoot as well in autumn before they fall. Our choiced assortment is as follows:—

Our choiced assortment is as follows:—				Height.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Well assorted of our choice				1-2 ft.	\$ 9.00	\$80.00
" "				2-3 ft.	16.50	150.00

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
1. Acer Atropurpureum (<i>Nomura</i>) deep maroon large regular palmate	1-2 ft.	..	1.00	9.00	..
2. A. Oshiu-beni, green margined with light maroon	1-2 ft.	..	1.00	9.00	..
3. A. Japonicum (<i>Itaya</i>), circular shaped large green leaves	1-2 ft.	..	.90	8.50	..
4. A. Sanguineum, <i>Seigen</i> , blood red regular palmate, colouring in middle spring.	1-2 ft.	..	1.00	9.00	..
5. A. Roseum (<i>Kagiri</i>), small palmate leaves margined with deep pink	1-2 ft.	..	1.00	9.00	..
6. A. Versicolor (<i>Oridono-nishiki</i>), very attractive crimson, white and green irregularly variegated..	1-2 ft.	..	1.00	9.00	..
7. A. Osaka-zuki, large leaved regular palmate, light maroon changing to blood red in autumn, free grower	1-2 ft.	..	1.00	9.00	..
8. A. Atro - dissectum variegatum (<i>Toyama</i>), dark maroon deep serrated thread-like leaflets with white variegation	1-2 ft.	..	1.00	9.00	..
9. A. Sanguineum, <i>Chisho</i> blood red regular palmate small leaves	1-2 ft.	..	1.00	9.00	..
10. A. Atropurpureum dissectum deep maroon richly fringed thread-like leaflets drooping nature	1-2 ft.	..	1.00	9.00	..
11. A. Atropurpureum dissectum green, same as the preceding only green colour	1-2 ft.	..	1.00	9.00	..
12. A. Reticulatum (<i>Shigitatsu</i>), green margin net-work variegation on yellow ground	1-2 ft.	..	1.00	9.00	..
13. A. Washi-no-o, green thread-like long leaflets with deep serrate	1-2 ft.	..	1.00	9.00	..
14. A. Okushimo, small beautiful green leaves rolled on both edge	1-2 ft.	..	1.00	9.00	..
15. A. Aocha-nishiki, green and yellow mottled	1-2 ft.	..	1.00	9.00	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
16. <i>A. Aobano-fuye</i> , green leaves regular palmate	1-2 ft.	..	\$ 1.00	\$ 9.00	..
17. <i>A. Aureum</i> , circular shaped obtusely cut yellow leaves	1-2 ft.	..	1.00	9.00	..
18. <i>A. Scolopendifolium rubrum</i> , (<i>Aka-shimenouchi</i>) dark red fine narrow ribbon leaflets	1-2 ft.	..	1.00	9.00	..
19. <i>A. Scolopendifolium green</i> , (<i>Ao-shime-no-uchi</i>) green narrow ribbon-like leaflets	1-2 ft.	..	1.00	9.00	..
20. <i>A. Atropurpureum variegatum</i> , bright crimson with deep maroon variegation ..	1-1½ ft.	..	1.00	9.00	..
21. <i>A. Akikaze-nishiki</i> , green with irregular yellow variegation	1-2 ft.	..	1.00	9.00	..
22. <i>A. Wabihito</i> , green with feather-like leaflets	1-2 ft.	..	1.00	9.00	..
23. <i>A. Rosa-marginatis</i> (<i>Hikasayama</i>), green small leaves crimson margin ..	1-2 ft.	..	1.00	9.00	..
24. <i>A. Carpinifolium</i> (<i>Chidorikayede</i>), green with carpinus-like leaves	1 2 ft.	..	1.00	9.00	..
25. <i>A. Trifidum</i> (<i>Tokayede</i>), small green leaves 3 lobed, changing to bright red in Autumn	1-2 ft.	..	1.00	9.00	..
26. <i>A. Shishigashira</i> , very curious rotate leaflets	1-1½ ft.	..	1.00	9.00	..
27. <i>A. Rufinerve</i> (<i>Kajiha</i>), Large leave like that of grape	1-2 ft.	..	1.00	9.00	..
28. <i>A. Uriha-nishiki</i> , Large leave like that of a melon, green and yellowish variegation.	1-2 ft.	..	1.00	9.00	..
29. <i>A. Tsumagaki</i> , Regular small palmate leave, white margined	1-2 ft.	..	1.00	9.00	..
30. <i>A. Tsuru-nishiki</i> , Deeply cut ribbon-like leave, plain green	½ ft.	..	1.00	9.00	..
31. <i>A. Hatsuyuki</i> , Broad five lobed leave, white margined	1 2 ft	..	1.00	9.00	..
32. <i>A. Musatoriyama</i> , 3 loved smali leave, white very slightly pink shaded	1-2 ft.	..	1.00	9.00	..
33. <i>A. Pictum album</i> , (<i>Tokuwanishiki</i>), 7 or 8 lobed large leave, white variegated ..	1-2 ft.	..	1.00	9.00	..
34. <i>A. Japonicum Filicifolium</i> (<i>Hauchiwa</i>), deeply cut leave of <i>A. Japonicum</i>	1-2 ft.	..	1.00	9.00	..
35. <i>A. Nishikigasane</i> , palmate, yellow variegated	1-2 ft.	..	1.00	9.00	..
36. <i>A. Pictum aureum</i> , (<i>Hoshiyadori</i>) yellow variegated	1-2 ft.	..	1.00	9.00	..
37. <i>A. Urime-nishiki</i> , white variegated with dark stem	1-2 ft.	..	1.00	9.00	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
38. Grafted maple (<i>Dantsugi</i>), by the grafted maple we mean several varieties 5-7 kinds grafted on one single stem	1-1½ ft.	..	\$ 2.00	\$18.00	..
39. Grafted Megane maple, by this we mean 2 stems twisted and grown together in a form "8" of Arabic figure or spectacles and 5-7 kinds grafted on it	1-1½ ft.	..	2.50	22.50	..

Albizzia juriblissin , tuft flower, pinnate leave, fold down during the night, good for planting along walks in garden (Pot grown)	1-1½ ft.	..	\$ 2.00
Andromeda campanulata	8-10 in.	..	1.50
Andromeda japonica , shrub, pendulous clustered flowers, fine for lawn planting, foliages turning to red in autumn (Pot grown)	8-10 in.	..	1.50	\$12.00	..
Andromeda japonica , white marginal leaves (Pot grown)	8-10 in.	..	1.50
Andromeda cernua rubens	1.50
Amelanchier canadensis , ornamental de- ciduous tree, in late spring young leaves covered with fine hair and flowers with white narrow petals in short panicles come out (Pot grown)	1½-2 ft.	..	2.00
Berberis japonica , highly ornamental thorny plant, with red berries (Pot grown)	1.00	9.00	..
Enkianthus japonica , fine lawn and open ground shrub, white pendulous flower (Pot grown)	1.00	9.00	..
Aralia spinosa , ornamental shrub about 10 ft. in height large pinnate leaves spreading at the top of trunk in umbrella form, thorny (Pot grown)	1-2 ft.	..	1.50	13.50	..
Cercis chinensis , beautiful purple papilio- flower (Pot grown)	1-2 ft.	..	1.20
Cercidiphyllum japonicum , fine round leaved tree, thrives well in cold climate (Pot grown)	1-2 ft.	..	2.00
Cladrastis amurensis (See street planting)..	1.20
Clerodendron squamatum , red flowers with long stamens stretching out, very orna- mental, produce of southern province (Pot grown)	1-1½ ft.	..	1.20	10.00	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Cornus macrophylla , good for street planting, ornamental	1-2 ft.	..	\$1.20	\$10.00	..
Cornus macrophylla , white variegated (Pot-grown)	2.50
Cornus Kousa , ornamental tree, in summer minute flowers in the form of a small ball acuminate in centre of 4 petal-like calyx, with eatable fruit (Pot grown)	1-1½ ft.	..	1.80	15.00	..
Cornus Kousa , white variegated leaves (Pot grown)	2.00	18.00	..
Corylopsis spicata , very beautiful round leaved shrubs, in early spring producing yellowish drooping flowers (Pot grown) ..	1½-2 ft.	..	1.40
Corylopsis spicata , fine light pink, variegated leaved (Pot grown)	4.00
Corylopsis pauciflora (Pot grown)	1-2 ft.	..	1.50
Corylus heterophylla (See fruit trees) ..	1-2 ft.	..	2.00
Crataegus cuneata , ornamental shrub 5-6 ft., in spring white flower comes out with leaves, in autumn has round fruit red and yellow coloured, very fine looking shrub (Pot grown)	1 ft.	..	1.50
Deutzia gracilis , white flowing shrubs very ornamental (Pot grown)	1.50	13.00	..
Deutzia scabra , double flowers with pink shade	1.50
Deutzia Sieboldiana , white profuse bloomer, ornamental shrub (Pot grown)	1.50	13.00	..
Diervilla grandiflora , white and pink variegated flower, profuse bloomer (Pot grown)	1.00
Diervilla hortensis , pink when in full blossom, crimson white in bud, very striking (Pot grown)	1.00
Euonymus alatus , ornamental shrub, leaves turn red in autumn (Pot grown)	1-1½ ft.	..	1.50
Euonymus Europaeus , ornamental shrub bearing suspended small berries	1.00
Ficus erecta , ornamental fig-tree, produce of southern province (Pot grown)	1.20
Fraxinus pubinervis , ornamental tree with pinnate leaves (Pot grown)	1.50
Fraxinus pubinervis , variegated leaves (Pot grown)	2.00
Hamamelis japonica , ornamental garden shrub producing golden flowers before the leaves come out attached to the branch almost without stigma (Pot grown)	1.50

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Hypericum Chinese , ornamental shrub canary yellow flowers having long stamens like fine golden wire (Pot grown)	\$.80
Hypericum patulum , another species of the preceding, flower small (Pot grown)80

HYDRANGEAS.

HYDRANGEAS are undoubtedly among the most fashionable flowering shrubs, their immense trusses vary from pure white to several beautiful darker shades,

1. **Hydrangea hortensia**, var. **Ajisai**, rosy blue to light blue according to the soil, large (Pot grown)—Height: 1 ft.; per 10 \$ Gold: \$1.00.
2. **Hydrangea hortensia**, pure white, never changing, being perfectly white (Pot grown)—Height: 1 ft.; per 10 \$ Gold: \$1.20.
3. **Hydrangea stellata**, **rubra**, most beautiful of family, flowers are double rose, changing the colour to different shades in succession as the flower becomes older (Pot grown)—Height: 1 ft.; per 10 \$ Gold: \$1.20.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
4. Hydrangea hortensia , var. Shirogaku , guard petals, white starry, blue centre (Pot grown)	1 ft.	..	\$1.20
5. Hydrangea hortensia , var. Benigaku , rose, grand flower (Pot grown)	1 ft.	..	1.20
6. Hydrangea hortensia , var. Aigaku , light blue flower (Pot grown)	1 ft.	..	1.00
7. Hydrangea involucrata , perfect ball white flower (Pot grown)	1 ft.	..	1.00
8. Hydrangea Scandens , climbing hydrangea (See climber)	1 ft.	..	1.50
9. Schizophragma hydrangeoides , (Climber)	1 ft.	..	2.00
10. Hydrangea paniculata	1-1½ ft.	..	1.50
11. Hydrangea involucrata pleno	1-1½ ft.	..	2.00
12. Hydrangea hortensia , pink	1-1½ ft.	..	1.20

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Ilex Sieboldi , beautiful small tree bearing red fruits (Pot grown)	1-1½ ft.	..	\$1.50
Ilex Sieboldi , small white berries (Pot grown)	1-1½ ft.	..	2.80
Ixora Striata , red clustered flower, in umbell for green-house growth (Pot grown)	1 ft.	..	1.80
Jasminum Sieboldianum , yellow flowering Jasmin (Pot grown)	1-1½ ft.	..	1.00
Jasminum trinerve , grows in green-house, fragrant drooping white flower (Pot grown)	1.30
Kerria japonica , yellow flowering shrub (Pot grown)	1-2 ft.	..	.80
Ditto double	1-2 ft.	..	1.80
Lagerstroemia indica , pink flower, highly ornamental garden plant, flower lasts very long, trunk is smooth and has polished appearance (Pot grown)	1-1½ ft.	..	1.00
Lagerstroemia indica , white flower (Pot grown)	1-1½ ft.	..	1.20
Lagerstroemia indica , light claret coloured flower (Pot grown)	1-1½ ft.	..	1.20
Lespedeza bicolor , light violet flowers come out in September, a celebrated Japanese autumnal flower (Pot grown)	1-2 ft.	..	1.20
Lespedeza bicolor var. , white flower (Pot grown)	1-2 ft.	..	1.20
Lindera sericea , ornamental shrub, stems and branches have peculiar aromatic odor (See economic and hedge plants) 7-8 ft. high, small yellow flowers come out, before the leaves (Pot grown)	1-1½ ft.	..	1.50
Lindera triloba , ornamental tree of camphor family growing in cold region, plant yielding oil (Pot grown)	1-1½ ft.	..	2.00
Lindera prae-cox , ornamental as well economic plant (Pot grown)	1-1½ ft.	..	1.50
Larix (See conifers)

MAGNOLIAS.

MAGNOLIA CONSPICUA.

1. *Magnolia compressa*, white flowers red in centre, leaves persistent resembling to that of *Illium religiosum*, flower small 1 inch across (Pot grown)—Height: 1-1½ ft.; per 10 \$ Gold: \$1.50.
2. *Magnolia conspicua*, fine white flower, very fragrant, easy bloomer, good for cut flower or bouquets (Pot grown)—Height: 1½-2 ft.; per 10 \$ Gold: \$1.20; per 100 \$ Gold: \$10.00.
3. *Magnolia grandiflora*, persistent large thick leaves, large flower 6-7 inches across stately garden tree (Pot grown)—Height: 1-1½ ft.; per 10 \$ Gold: \$1.50; per 100 \$ Gold: \$12.00.
4. *Magnolia hypoleuca*, a stately ornamental tree with large leaves, large flower 7-8 inches good for street planting (Pot grown)—Height: 1-2 ft.; per 10 \$ Gold: \$1.00; per 100 \$ Gold: \$8.00.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
5. <i>Magnolia kobus</i> , white flower reverse of petals shaded with light pink (Pot grown)	1-1½ ft.	..	\$ 1.00	\$ 8.00	..
6. <i>Magnolia (michelia) longifolia</i> , persistent foliage, hot houses plant white fragrant flower (Pot grown)	1-1½ ft.	..	3.00
7. <i>Magnolia (michelia) champaca</i> , cream white fragrant flower (Pot grown) ..	1½-2 ft.	..	3.50
8. <i>Magnolia obovata</i> , exterior side of the fleshy petal purple veined with deeper colour and the interior being white, give a striking contract (Pot grown)	1-2 ft.	..	1.20	10.00	..
9. <i>Magnolia obovata</i> , discolor, light purple flower richly variegated with white (Pot grown)	1-2 ft.	..	1.50	12.00	..
10. <i>Magnolia, Watsoni</i> , white fragrant globular bloom opens facing upward (Pot grown)	1-1½ ft.	..	1.80	15.00	..
11. <i>Magnolia parviflora</i> , very much resemble the preceding but petals are thinner and flower bloom drooping downward (Pot grown)	1-1½ ft.	..	1.80	15.00	..
12. <i>Magnolia pumila</i> , leaves persistent, white flower like a small thick round ball, very attractive and fragrant (Pot grown) ..	1-1½ ft.	..	4.00

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
13. <i>Magnolia stellata</i> , starry stretching petals light pink (Pot grown)	1-1½ ft.	..	\$1.20
14. <i>Magnolia fuscata</i> , small persistent leaved, cream-coloured small fragrant flower.	1-1½ ft.	..	2.50
15. <i>Liriodendron Tulipiferum</i> , Tulip or Saddle tree, so called by its flower appears like that of Tulip and leave peculiarly four lobed, truncate at the point, some-what like a saddle in shape.	3-4 ft.	..	2.50

PRUNUS MUME, one of the favourite Japanese blooming trees, very fragrant. It is the Japanese new year's plant flowering about that time when forced, being naturally one of the earliest blooms in the new year, the double advantages of flower and fruit have called the attention of the Japanese, considered it the queen of tree bloomer, the fruit is very easily raised from the single flowering varieties and may be made into preserves and acid is prepared from it which is used in industries such as dying, etc.

Well assorted of our choice varieties \$7.00 Gold per 100. Pot grown plants.

" " " " " 4.00 " " 100 \$37.50 per 1,000. Open-ground plants.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
White single, early profuse bloomer, in January (Pot grown)	\$1.20	\$10.00	..
White double, early profuse bloomer, in January (Pot grown)	1.20	10.00	..
Light pink single (Pot grown)	1.20	10.00	..
Light pink double (Pot grown)	1.20	10.00	..
Red double (Pot grown)	1.20	10.00	..
Red very double (Pot grown)	1.20	10.00	..
Red with drooping branches	1.50	12.00	..

PRUNUS PERSICA, The Japanese peach is well known and more popular for its flowers than for its fruits like other plants of the prunus family in Japan. Though the plant lacks the fragrance of the prunus mume, yet undoubtedly it forms our special pride in the way of flowers in spring.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
White double (Pot grown)	1-1½ ft.	..	\$1.20	\$10.00	..
Light pink double (Pot grown)	1.20	10.00	..
Clear pink and white, striped flower (Pot grown)	1.20	10.00	..
Blood red double	1.20	10.00	..
White drooping branches	1.20	10.00	..

PRUNUS PSEUDO-CERASUS, Japanese cherry-flower. The Japanese cherry is fine for street planting with its deciduous leaves and profuse blooms. More than 20 double exquisite varieties are known; some with clustered flowers, others making short panicles, etc.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Dwarfed Cherry (Pot grown) like the painting	1-1½ ft.	..	\$2.50	\$22.50	..
Shiro-fugen , white double (Pot grown) ..	2-3 ft.	..	1.00	9.00	..
Ko-fugen , pink double (Pot grown)	1.00	9.00	..
Naden , light pink (Pot grown)	1.00	9.00	..
Yoshino , single light pink larger flower	1.00	9.00	..
Higan-zakura , pink small flowers, earliest bloomer	1.00	9.00	..
Hizakura , double pink large flower in bunch	1.00	9.00	..
Ukon , double greenish-flower very rare	1.00	9.00	..
Ojochin , its striking characteristic is the pendulous nature of its flowers which form a large heavy bunch	1.00	9.00	..
Prunus pendula (see painting)	1.50	12.00	..
Prunus tomentosa	2.00
Prunus japonica , lovely ornamental shrub with white flower, bearing red fruit	2.00
Punica granatum , the Pomegranate (See fruit).					
Flowering variety:—					
Red double large flower (Pot grown)					
Splashed, showy flower (Pot grown)	2.00
Fruit-bearing dwarf, in pot	3.00
Pyrus japonica , pretty small bushy shrubs.					
Rose (Pot grown)	1.50
White (Pot)	1.20	10.00	..
Splashed	1.20	10.00	..
Pyrus sambusifolia , white flowers, bearing afterward red berries in umbell	1.40	12.00	..
Pyrus spectabilis , elegant flowering shrub, branches tender and flexible, profuse bloomer (Pot grown)	1-1½ ft.	..	1.50
Pyrus toringo , ornamental shrub	1-1½ ft.	..	1.00
Rhodotypos kerrioides , ornamental shrub resembling Kerria Japonica, white flower (Pot grown)	1-1½ ft.	..	1.20
Spiraea aruncus , pink clustered flowering shrub (Pot grown)	1.00
Sophora japonica , ornamental deciduous tree, white papilio flower	1.00
Spiraea cantoniensis , pure white clustered flowers, flexible branch, very attractive (Pot grown)	1-1½ ft.	..	1.20

1.—*Prunus pendula*.

2.—*Prunus pseudo-cerasus*,
"Seki-no-yama."

3.—*Prunus pseudo-cerasus*,
Dwarfed Cherry.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Spiraea japonica , low plant fine white flowers (Pot grown)	1-1½ ft.	..	\$1.00
Spiraea japonica , red flower (Pot grown) ..	1-1½ ft.	..	1.20
Spiraea prunifolia , lovely small white double flowers (Pot grown)	1-1½ ft.	..	1.20
Staphylea bumulda	1.50
Stachyurus praecox , ornamental tree, flow- ers yellow in hanging raceme, early spring..	1.20
Sterculia platanifolia , noble luxuriant foliage with smooth and green trunks ..	1 1½ ft.	..	.80
Ditto variegated (Pot grown)	1-1½ ft.	..	2.50
Stuartia pseudo-camellia , deciduous, white single camellia-like flowering in summer (so called summer camellia) trunk has smooth polished appearance.. .. .	1-1½ ft.	..	1.50
Styrax japonica , handsome well known pendulous white flowering plant, fine shade tree, popular garden plant	1-1½ ft.	..	1.00
Styrax obassia , splendid white flower spikes come out in May suitable for a shade tree, round leaves	1-1½ ft.	..	1.20	\$10.00	..
Tilia Miqueliana	1.80
Viburnum tomentosum , white flowering shrub, like snow ball (Pot grown)	1-2 ft.	..	1.50
Viburnum tomentosum plicatum , pure white, snow ball (Pot grown)	1-2 ft.	..	1.00
Viburnum tomentosum plicatum , varie- gated leaved (Pot grown)	1-2 ft.
Wistaria (See climber)	1-2 ft.	..	2.00
Zelkova keaki , Japanese important timber tree as well ornamental	1-2 ft.	..	1.20	10.00	..

CONIFER.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Pinus densiflora , useful and highly important timber tree with red trunk, attains a height of 120 feet also very important for Japanese land-landscape gardening and for architectural purposes (Pot grown)	\$1.00
Pinus densiflora , white variegated (Pot grown)	2.50
Pinus densiflora , yellow variegated (Pot grown)	2.50

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Pinus masoniana , giant Japanese pine with thick scaly bark, height 120 feet used for planting along road sides in the country parts of Japan. A useful timber tree and good ornamental for garden planting (Pot grown)	\$ 1.00
Some garden varieties:—					
Tanyosho , dwarf pine, for lawn planting with thick umbrella-like form.. .. .	1 ft.	..	1.50
Bandaisho , dwarf lawn tree has short needles..	1.50
Oridsuru matsu , for garden planting has curved needles	1.50
Drooping or weeping pine	2.00
Pinus koraiensis , has long needles, thrives in cold countries is both ornamental and useful with edible nuts (Pot grown)	1 ft.	..	18.0
Pinus koraiensis , variegated foliage	1 ft.	.40
Abies firma (Pot grown)	1-2 ft.	..	1.00
Abies brachyphylla , grown in mountainous land, rich foliage, valuable timber-tree (Pot grown)	1-1½ ft.	..	2.00
Abies Veitchii , highly ornamental conifer (Pot grown)	1-2 ft.	..	2.00
Abies bicolor (Pot grown)	1-12 in.	..	2.00
Abies Toramomi (Pot grown)	1-1½ ft.	..	2.00
Abies Tōmomi (Pot grown)	1-1½ ft.	..	3.50
Picea alcockiana (Pot grown)	1 ft.	..	2.00
Picea polita , easily distinguished by its prismatic needle (Pot grown)	8-12 in.	..	3.00
Tsuga Sieboldi , ornamental conifer as well useful timber tree (Pot grown)	1-1½ ft.	..	2.00
Cryptomeria japonica , a well known important evergreen, widely spread through-out Japan, extensively used for house building and other general works. Largest specimen attains 130 feet with trunk of immense size 20-30 feet in circumference, large specimens seen in Nikko are much noticed by tourists (Pot grown)	1-2 ft.	..	1.00	8.00	..
Ditto. (Open ground grown)	1-2 ft.	3.00	..
Garden varieties:—					
Jindai-sugi , thick foliage harder and stronger than common cryptomeria.. .. .	8-12 in.	..	1.20

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Bandai-sugi , suitable for lawn planting...	5-8 in.	..	\$ 1.50
Yenko-sugi , cord-like leaved variety drooping nature.. .. .	8-12 in.	..	2.00
Kō-yō-sugi , dark red needle leaved, soft, flexible variety very ornamental	1-1½ ft.	..	1.10
Aya-sugi , whittish green foliage	8-12 in.	..	1.50
Howo-sugi , rich foliage very ornamental..	8-12 in.	..	1.50
Sekka-sugi , twisted cock's-comb like foliage	5-8 in.	..	2.00
Kusari-sugi , drooping chain-like foliage	5-8 in.	..	2.00
Cunninghamia sinensis , small lanceolate stiffy-pointed leaves resembling American Araucaria.. .. .	1-1½ ft.	..	2.00
Podocarpus macrophylla , ornamental conifer thick foliage (Pot grown)	1-1½ ft.	..	1.00
Ditto (Open ground grown)	1-2 ft.	5.00	..
Podocarpus macrophylla , white variegation (Pot grown)	1 1½ ft.	.35	3.00
Podocarpus macrophylla , yellow variegation (Pot grown)	1-1½ ft.	.75	7.00
Podocarpus macrophylla , fine white and green foggy variegation	1-2 ft.	.45	4.00
Podocarpus nageia , ornamental broad leaved (Pot grown)	1-2 ft.	.40	3.50
Podocarpus nageia , variegated long leaved variety (Pot grown)	1-2 ft.	.50	4.50
Torreya nucifera , ornamental conifer, edible fruit	1-2 ft.	..	1.50
Cephalotaxus drupacea	1-2 ft.	..	1.50
Ginkgo biloba , (<i>Salisburia adiantifolia</i>), ornamental well known conifer yielding edible nuts, tall, often 100 feet, leaves change to yellow in autumn, when planted among evergreens the beautiful contrast is very attractive (Pot grown)—Per 10 \$ Gold: \$1.00; per 100 \$ Gold: \$3.00.					

GINKGO BILoba.

Ginkgo biloba, variegata, garden variety with
variegated leaves, (Pot grown)—Per 10 \$ Gold: \$2.00.

Larix leptolepis, deciduous ornamental conifer
(Pot grown)—Per 10 \$ Gold: \$1.00.

Sciadopitis verticillata, (Umbrella pine), very fine
regular shaped, highly ornamental—Height: 1-2 ft.;
per 10 \$ Gold: \$4.00; per 100 \$ Gold: \$37.00.

Ditto—Height: 2-3 ft.; per 10 \$ Gold: \$5.50; per 100
\$ Gold: \$50.00.

Ditto—Height: 10-12 in.; per 10 \$ Gold: \$2.75; per 100
\$ Gold: \$ 25.00.

SCIADOPITIS VERTICILLATA.

Sciadopitis verticillata, variegated leaves (Pot grown)—
Height: 1 ft.; per 10 \$ Gold: \$.50; per 100 \$ Gold: \$4.50.

Juniperus rigida, ornamental conifer—Height: 1 ft.; per
10 \$ Gold: \$2.00.

Juniperus chinensis procumbens, ornamental dwarf
creeping variety—Height: 1 ft.; per 10 \$ Gold: \$1.20.

Taxus tardiva, bushy dwarf ornamental conifer suitable for
lawn planting—Height: per 10 \$ Gold: \$1.00.

Taxus tardiva, yellow variegated—Height: per 10 \$ Gold:
\$1.50.

Taxus cuspidata—Height: per 10 \$ Gold: \$1.50.

Thuja pendula—Height: per 10 \$ Gold: \$1.00.

Thuja pendula, golden variegated variety—Height: per 10
\$ Gold: \$1.00.

Thuja pendula, white variegated variety—Height: per 10
\$ Gold: \$1.00.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Thuja squarrosa , soft fine leaves lawn plant	1 ft.	..	\$.80
Thuja (Thujopsis) dolabrata , giant timber tree as well as an ornamental garden plant..	1 ft.	..	1.20
Thuja dolabrata , variegated leaves	1 ft.	..	1.50
Thuja obtusa , a straight tree furnishes valua- ble timber (Hinoki) (Pot grown)	1 ft.	..	.80
Thuja obtusa , var. Kamakura-hiba , (Pot grown)	1 ft.	..	1.00
Thuja obtusa , var. Chabo-hiba , famous dwarf plant, planted in pot grown above 100 years with regular rows of branches (See cut) (Pot grown)	2.00-12.00
Thuja obtusa , var. Chabo-hiba , golden variegation	3.00-12.00
Thuja obtusa , var. Chabo-hiba , silver variegation	4.00-12.00
Thuja obtusa , var. Kujaku-hiba , variety with thick bushy foliage (Pot grown).. ..	1 ft.	..	2.00
Thuja obtusa , var. Hotaru-hiba , splashed white variegated (Pot grown)	1.50
Thuja obtusa , var. Embi-hiba , thread leaved garden variety drooping habit.. ..	1-2 ft.	..	1.50

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Thuja obtusa, var. lycopodioides (kana-ami) thick foliated garden variety	1-2 ft.	..	1.20
Thuja orientalis , (Pot grown)	1.50

ORNAMENTAL TREES AND SHRUBS.

a. EVERGREEN SHRUBS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Ardisia crispa , very fine red berry-bearing small plant, leaves deep green lustrous (Pot grown)	8-10 in.	..	1.80	15 00	..
Ardisia crispa , white berry.. .. .	8-10 in.	..	1.80	15.00	..
Ardisia crispa , crape leaved, grafted together white and red berries on one plant..	8-10 in.	..	2.00	18.00	..
More than twenty varieties of variegation are known, either marginal, speckled or striped	4.00
Ardisia japonica , beautiful ornamental foliage as well as red berry bearer small shrub ..	6-8 in.	..	1.50
More than twenty varieties of variegation are known, assorted	3.50
Aucuba japonica , too well known to need description five varieties of variegated leaves are known either marginal, striped or speckled (Pot grown)	1.80	15.00	..
Berberis Fortunei , narrow and long leaved species, yellow small clustered flowers in summer (Pot grown)	1-1½ ft.	..	2.00	18.00	..
Chloranthus brachystachys , very ornamental, bearing orange yellow small berries and lustrous leaves (Pot grown) ..	1-1½ ft.	..	2.00
Chloranthus brachystachys , variegated leaves (Pot grown)..	3.30
Chloranthus inconspicuus , with small yellow fragrant flower (Pot grown)..	2.50
Damnacanthus incidus , red coral-gem coloured berries remaining on the plant almost all the year, flowers while the berries of last year are on the thorny horizontally ramifying branches (Pot grown)	1-1½ ft.	..	2.20
Fatsia japonica , well known garden tree its luxuriant evergreen lustrous foliages deserves high commendation, easy growth (Pot grown)	1-1½ ft.	..	1.00

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Fatsia japonica , variegated, decorative garden tree (Pot grown)	1-1½ ft.	..	\$2.00
Gardenia grandiflora , highly ornamental, white fragrant flower yielding dye-stuff from capsul (Pot grown)	1 1½ ft.	..	1.00
Gardenia grandiflora , double flower (Pot grown)	1-1½ ft.	..	1.50	\$12.00	..
Daphne odora , white flowering	1.30	11.00	..
Daphne odora , white margined leaves, white flower (Pot grown)	1.80	15.00	..
Daphne odora , white margined leaves, pink-flower (Pot grown)	1.20	10.00	..
Gardenia radicans , equally fragrant pure white, only smaller than preceding gardenia (Pot grown)	6-8 in.	..	.70	6.00	..
Gardenia radicans , double flower	6-8 in.	..	1.00	9.00	..
Gardenia radicans , dwarf, yellow variegated leaves, double flower (Pot grown)	6-8 in.	..	1.00
Ligustrum ciliatum , ornamental variegated leaves (Pot grown)	1-1½ ft.	..	1.25
Ligustrum ciliatum , evergreen in pot	1-1½ ft.	..	1.00
Ligustrum ibota , evergreen shrubs easy growth (Pot grown)	1-1½ ft.	..	.80	7.00	..
Ligustrum japonicum , ornamental shrubs (Pot grown)	1-1½ ft.	..	1.00	8.00	..
Ligustrum japonicum , variegated leaves (Pot grown)	1-1½ ft.	..	2.00
Nandina domestica , beautiful ornamental garden shrub, graceful red coral-like berries in panicle ripening in time of Christmas, 2 or 3 plants in one pot (Pot grown) ...	1-1½ ft.	..	1.00	8.00	..
Nandina domestica , white berries (Pot grown)	1.00	8.00	..
Raphiolepis japonica , ornamental evergreen shrub good for rock-work, fragrant white flowers, thick round small leaves, bark good for dyeing (Pot grown)	1-1½ ft.	..	1.00	8.00	..
Skimmia japonica , small shrub, fragrant white flowers (Pot grown)	8-10 in.	..	1.80	15.00	..
Skimmia japonica , variegated leaves (Pot grown)	3.00

b. EVERGREEN TREES.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Buxus japonica , is used as a lawn or garden plant, the wood serves for wood engraving, etc. (Pot grown)	\$1.50
Cinnamomum loureiri , very ornamental garden plant, with aromatic odor (Pot grown)	1-1½ ft.	..	1.00	\$8.00	..
Cinnamomum loureiri , variegated leaves (Pot grown)	1-1½ ft.	..	1.50
Cinnamomum sericeum , round leaved cinnamon	1-1½ ft.	..	2.00
Cleyera japonica , fine evergreen ornamental plant	1-1½ ft.	..	1.00
Cleyera japonica , white variegated foliage (Pot grown)	1-1½ ft.	..	2.00
Cleyera japonica , yellow variegated foliage (Pot grown)	1-1½ ft.	..	2.00
Daphniphyllum glaucescens , thick leaved evergreen, suitable for decorative purposes (Pot grown)	1-1½ ft.	..	1.20
Daphniphyllum glaucescens , variegated leaves (Pot grown)	1-1½ ft.	..	2.00
Daphniphyllum macropodum , large leaved varieties (Pot grown)	1-1½ ft.	..	1.00
Dendropanax japonicus , ornamental evergreen garden-tree, indigenous in southern provinces, leaves resemble those of <i>Fatsia japonica</i> only smaller, and mostly 3 lobed (Pot grown)	1-1½ ft.	..	1.20
Distylium racemosum , thick ornamental evergreen, good for hedges, variegated leaves (Pot grown)	1-1½ ft.	..	2.00
Eurya japonica , ornamental evergreen tree (Pot grown)	8-12 in.	..	1.50
Eurya japonica , white variegated (Pot grown)	8-12 in.	..	1.50
Eurya japonica , yellow and other variegated varieties can be supplied at the same rate (Pot grown)	8-12 in.	..	1.50
Euscaphis staphyleoides , rapid growing open garden tree, small red berries bursting black seeds when ripen (Pot grown)	1-1½ ft.	..	1.80
Euscaphis staphyleoides , variegated foliage	1-1½ ft.	..	3.50
Ficus Pyrifolia (Pot grown)	1.50
Ficus elastica	1-2 ft.	..	1.80
Ficus elastica , variegata, beautifully variegated with white	1-2 ft.	1.00	9.00

FICUS ELASTICA, VARIEGATA.

Ilex integra, thick leaved ornamental evergreen with red berries, bird-line can be prepared from the bark (Pot grown)—Height: 1-1½ ft. per 10 \$ Gold: \$1.80.

Ilex integra, variegated leaves (Pot grown)—Height: 1-1½ ft.; per 10 \$ Gold: \$2.50.

Ilex latifolia, large leaved evergreen, highly ornamental (Pot grown)—Height: 1-1½ ft.; per 10 \$ Gold: \$1.80.

Ilex latifolia, variegated leaves (Pot grown)—1-1½ ft.; per 10 \$ Gold: \$3.00.

Illicium religiosum, highly lustrous thick leaved evergreen, often planted in grave-yards (Pot grown)—Height: 1-1½ ft.; per 10 \$ Gold: \$1.80.

Illicium religiosum, marginal and mottled variety (Pot grown)—Height: 1-1½ ft.; per 10 \$ Gold: \$2.50.

Olea aquifolium, well known strong thorny evergreen shrub (Pot grown)—Height: 1-1½ ft.; per 10 \$ Gold: \$1.80.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Olea aquifolium , variegated (Pot grown) ..	1-1½ ft.	..	\$1.50
Olea fragrans , sweet fragrant golden coloured small flowering evergreen, very sweet sufficient to make the whole garden attractive on account of strong perfume (Pot grown) ..	1-1½ ft.	..	1.20
Olea fragrans , white smaller flower equally fragrant (Pot grown)	1-1½ ft.	..	1.20
Olea fragrans , everlasting bloomer (Pot grown)	1-1½ ft.	..	1.50
Photinia glabra , (See hedge plants)	1-1½ ft.	..	.80
Pittosporum tobira , ornamental evergreen, blooming white flowers in June (Pot grown)	1-1½ ft.	..	1.00
Pittosporum tobira , yellow and white variegated foliage (Pot grow)	1-1½ ft.	..	2.50
Quercus acuta , for garden and hedge planting, rich leaved hardy evergreen, its reddish wood is valued for strong agricultural implement and carriage work, etc. (Pot grown)	1-1½ ft.	..	.80
Quercus crispula (Deciduous)	1-1½ ft.	..	.80
Quercus cuspidata , thick small leaved and edible acorn bearing oak is good for hedge and garden planting and its wood is much used for furniture (Pot grown)	1-1½ ft.	..	.80
Quercus dentata (Deciduous)80
Quercus dentata, aurea . Leaves splendid golden colour when sprouting	1-1½ ft.	..	2.00
Quercus glandulifera (Deciduous)	1-1½ ft.	..	1.20

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Quercus glauca , an evergreen, is valued as an ornamental tree and wood is good for utensils, wagon wheels, etc. (Pot grown).	1-1½ ft.	..	\$1.00
Quercus lacera , a garden ornamental with dentate leaves (Pot grown)	1-1½ ft.	.50
Quercus laevigata , large leaved and large acorn bearer, fine forest tree (Pot grown) ..	1-1½ ft.	..	1.20
Quercus phyllireoides , twisted and curled foliage (Pot grown)	1-1½ ft.	..	1.00
Quercus pinnatifida (Deciduous) deeply cut leaved	1-1½ ft.	..	1.50
Quercus serrata (Deciduous)	1-1½ ft.	..	1.00
Ternstroemia japonica , valued for the beauty of the foliage, very ornamental in the garden (Pot grown)	1-1½ ft.	..	.80
Ternstroemia japonica , reddish variegated foliage (Pot grown)	1-1½ ft.	..	2.00
Ternstroemia japonica , white variegated (Pot grown)	3.00
Viburnum japonicum , white flower, umbel form (Pot grown)	1.50
Viburnum odoratissimum , evergreen tree with red berries (Pot grown)	1.00	8.00	..
Viburnum odoratissimum , variegated leaved.	2.50

JAPANESE FRUIT-TREES.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Actinidia arguta , climbing plant blooming white flowers, in summer its small sweet fruits can be preserve by drying, it is also ornamental vine (Pot grown)	1-1½ ft.	..	\$2.20

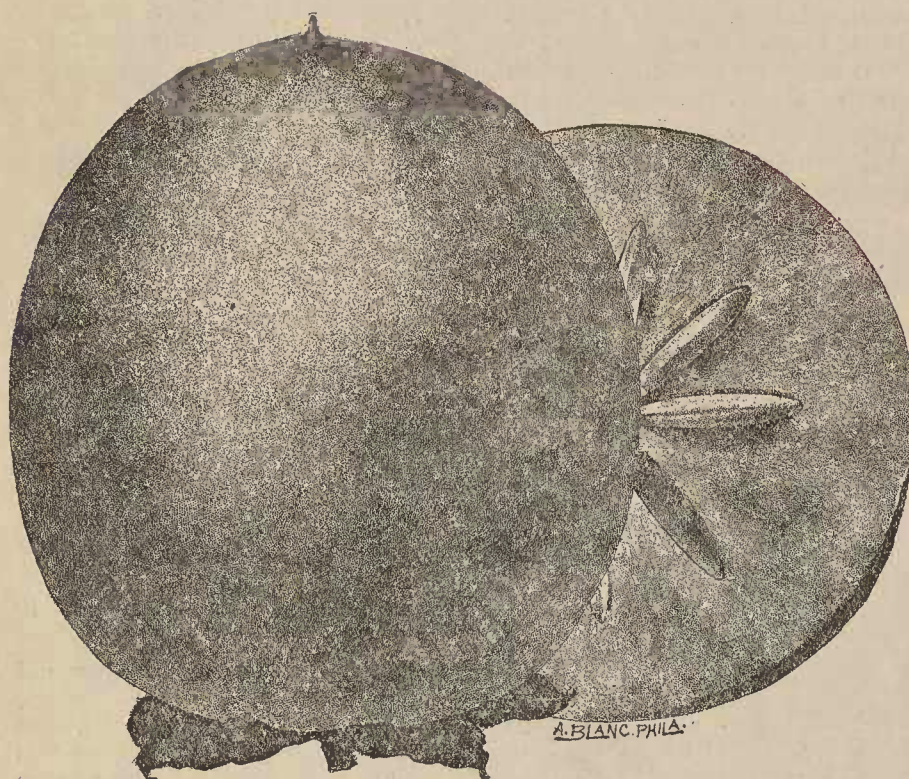

MAMMOTH CHESTNUT.

Castanea vulgaris Tamba (Mammoth Chestnut) yields best largest fruit often weighs $\frac{1}{10}$ lb. - $\frac{1}{8}$ lb. each (open ground)—Height: 2-3 ft.; per 100 \$ Gold: \$4.00; per 100 \$ Gold, \$35.00; Pot grown per 10 \$2.

Photinia japonica, new kind of loquat, fruit is 4-5 times larger than common loquat, weighting 2½-3 ounces, juicy with nice flavour (Pot grown)—Height: per 10 \$ Gold; \$2.20; per 100 \$ Gold; 20.00.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Elaeagnus longipes , red edible berry bearer, easy growth in any soil its grey-green foliage is also attractive, fruit ripens in summer	1-1½ ft.	\$6.50	\$60.00
Elaeagnus umbellata , red berry bearer. clustered together, in autumn	1-1½ ft.	6.50	60.00
Elaeagnus pungens	1-1½ ft.	8.00	..

DIOSPYROS KAKI.

DIOSPYROS

KAKI (Japanese persimmon). This delicious fruit is quite easy to cultivate. The earliest may be eaten in August while of later varieties keep their astringent taste till very late in season. We preserve the fruits by drying like dried figs. We naturally divide these trees into 2 classes. There are more than 100 varieties, we choose here only a few good varieties. The wood is much valued for its fine grain and black stripes.

A.—Those which ripen and turn sweet naturally.

Hyakume , oblong, early variety ripens in September 5½ × 2 inches, one of the largest (Grafted strong plants open ground growth)	3-4 ft.	\$3.50	\$30.00
Zenji , medium, ripe in September	3-4 ft.	3.50	30.00
Kuro-kuma , flattened very sweet	3-4 ft.	3.50	30.00
Nitari , pointed 3½ × 2 inches	3-4 ft.	3.50	30.00
Gosho-gaki , flat very sweet and juicy	3-4 ft.	3.50	30.00
Daidai-maru , round medium size	3-4 ft.	3.50	30.00
Tsuru-no-ko , medium size	3-4 ft.	3.50	30.00

B.—Those which seldom or never lose their astringency unless subjected to so-called "Improvement." Simplest of the improvement is merely by drying fruits in the place where there is free change of air after taking skin of fruits. The other method is more complex. After collecting the fruits in proper time say in the beginning of November choose the largest and best fruits and pack in a tub moistened previously with *Sake* (Rice-beer) or any other similar spirits in close and regular rows, keeping thus 15 days in it, this destroys the astringency. The tub must be hermetically closed and never allow the air during the named days. If the temperature is warm they ripe earlier, if cool later. The best and most simple for this purpose is to use a *Sake*-tub after the liquor has been emptied out.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Hachiya , 3-4 inches long 4 inches across, especially good when dried	3-4 ft.	\$3.50	\$3.00
Yemon , 3-4 inches long 4 inches across ..	3-4 ft.	3.50	3.00
Yama-yemon , variety of the preceding ..	3-4 ft.	3.50	3.00
Seedless , very large	3-4 ft.	3.50	3.00
Masu-gaki , 3 × 2 inches	3-4 ft.	3.50	3.00
Mino-dsuru , 2½ × 2 inches	3-4 ft.	3.50	3.00
Diospyros Kaki , cultivated in pot bearing fruits	2-3 ft.	20.00	..
Ficus carica , purple skined	1-1½ ft.	..	.80
Juglans Sieboldiana (Open ground seed- ling)	3-4 ft.	3.50	3.00
Juglans cordiformis	3-4 ft.	3.50	3.00
Juglans regia	3-4 ft.	3.50	3.00
Juglans (Pot grown)	2-3 ft.	20.00	..

CITRUS JAPONICA.

ORANGE TREES.

Citrus aurantium, Japanes use the juice like lemon, the peculiar smelling peel is eaten raw and also used as sugar preserve (Pot grown) — Height: 1-1½ ft.; per 10 \$ Gold: \$1.00.

Citrus bigaradia (Bitter orange), large round orange, which remains long on the branch, 2½ inches diametre almost quite round, hard skin, the juice is sour, the unripe fruit is good for preserving in sugar, ripe one in syrup, or fragrant oil is made from the peel, plant with fruits on (Pot grown)—Height: 1½-2 ft.; per 10 \$ Gold: \$2.00.

Ditto plant without fruit (Pot grown)—Height: per 10 \$ Gold: \$1.50.

Citrus decumana, very large thick skinned fruit 5-6 inches across, plant with fruits on (Pot grown)—Height: 1½-2 ft.; per 10 \$ Gold: \$2.50.

Ditto plant without fruit (Pot grown)—Height: per 10 \$ Gold: \$1.50.

Citrus nobilis, the celebrated Japanese sweet orange, flat in form, skin readily separate from pulp. We mention some good varieties.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Kino-kuni , plant with fruits on (Pot grown).	1-1½ ft.	..	\$2.00	\$18.00	..
Ditto plant without fruit (Pot grown)..	1.50	13.00	..
Unshiu , plant with fruits on (Pot grown)	1.80	16.00	..
Ditto plant without fruit (Pot grown)	1.50	13.00	..
Satsuma , plant with fruits on (Pot grown)..	2.20	20.00	..
Ditto plant without fruit (Pot grown)	1.80	16.00	..
Citrus japonica , a peculiar small Japanese orange agreeable acid, good to eat as well very ornamental in winter, bearing small yellow fruits:—3 varieties.					
Elliptical fruit , plant with fruits on (Pot grown) ..	1-1½ ft.	..	2.00	18.00	..
Ditto plant without fruit (Pot grown)..	1.50	12.00	..
Round fruit , plant with fruits on (Pot grown)	1-1½ ft.	..	2.00	18.00	..
Ditto plant without fruit (Pot grown).	1.50	12.00	..
Omi-Kinkan , large round, plant with fruits on (Pot grown)	2.20	20.00	..
Ditto plant without fruit	1.70	15.00	..
Citrus media chirocarpus , with thick finger-like lumpy protuberances at the top of fruit, very aromatic skin much recommended for its curious shape, plant with fruits on (Pot grown) ..					
Ditto plant without fruit (Pot grown)..	3.50
Ditto plant without fruit (Pot grown)..	1.70	15.00	..
Citrus trifoliata , useful hedge plant with thorny branches, much valued as stock for grafting orange families, 3 year old plants (Open ground) ..					
Ditto ..	1-1½ ft.	1.00	\$8.00
Citrus (Summer variety), large fruit 4 inches in diameter, ripens in summer, good for preserving, plant with fruit on (Pot grown)..					
Ditto plant without fruit (Pot grown)..	1-1½ ft.	..	3.00
Ditto plant without fruit (Pot grown)..	2.00
Myrica rubra , most productive in warmer climate, fruit reddish purple when quite ripe, small sweet fruit (Pot grown) ..					
Ditto ..	1-1½ ft.	..	71.50
Prunus armeniaca (Apricot), round smooth brownish red fruit, sweet taste, also good preserved in syrup (Pot grown) ..					
Ditto ..	1-1½ ft.	..	1.50
Prunus triflora , very sweet agreeable fruit, small seed, thick flesh, smooth skin, several varieties exist such as red, yellow skinned, red and yellow fleshed, etc.					
Shiro-sumomo , white flesh, prolific (Open ground grown) ..					
Ditto ..	3-4 ft.	4.00	35.00
Aka-sumomo , red skin, yellow flesh prolific					
Ditto ..	3 4 ft.	4.00	35.00

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Middle ripening , red large (Open ground)	3-4 ft.	\$4.00	\$35.00
Later variety , red large, late (Open ground grown)	3-4 ft.	4.00	35.00
Botankyo , pointed large fruit yellowish skin and flesh, $2\frac{1}{2} \times 1\frac{3}{4}$ inches in size	3-4 ft.	4.00	35.00
Ko-botan , smaller fruit	3-4 ft.	4.00	35.00
Haku-botan , whiter flesh.. .. .	3-4 ft.	4.00	35.00
Furugiya-beni , greenish red skin, yellow flesh	3-4 ft.	4.00	35.00
Hatankyo , yellow fruit 2-2 $\frac{1}{2}$ inches across..	3-4 ft.	4.00	35.00
Suika-momo , blood red flesh almost same as the skin very sweet juicy (Satsuma- sumomo)	3-4 ft.	6.00	..
Those cultivated in pots	2-2 $\frac{1}{2}$ ft.	..	2.00
Pyrus chinensis , fruit large yellow fruit, agreeable flavour	1-1 $\frac{1}{2}$ ft.	..	1.00	7.50	..
Pyrus cydonia , highly agreeable smelling fruit, which may be preserved for confec- tioners' use	1-1 $\frac{1}{2}$ ft.	..	1.00	7.50	..
Pyrus Ussuriensis (Pear), large fruits very juicy (Open ground grown) 10 varieties ..	3-4 ft.	4.20	38.00
Pyrus Ussuriensis , seedling for grafting stock special reduction on large numbers.	2-4 ft.	2.20	20.00
Rubus incisus (Yellow raspberry), yellow sweet berry from which jam is prepared. When imported in autumn the plants bear berries next spring (Open ground seedling)	2-3 ft.	3.00	25.00
Rubus sorbifolius (See cut)	10.00 per	1,000
Ditto	70.00	10,000
Rubus trifidus , a deciduous shrub attaining a height of about 6 ft. forming a luxuriant bush with large bright dark green leaves of five or rarely three lobed and is very ornamental besides it ripens sweet yellow berries in summer	2-3 ft.	..	1.50
Vitis vinifera , Japanese grapes	3-4 ft.	3.50	..

SOME ECONOMIC PLANTS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Alnus firma , the dried seeds are used for dye- ing, on account of its tannin, giving olive colour, it is also a valuable shade tree, open-ground seedling	2 ft.	..	\$1.20	\$10.00	..
Alnus incana , bark used for dyeing	2 ft.	..	1.20	10.00	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Broussonetia papyrifera (paper mulberry), general method in making Japanese paper, is made by cutting the branches off the plants and after peeling off their fibrous bark, steeping the bark in warm water, after some days the bark thus treated is beaten into pulp, which is then mixed with water, containing some starch. The mix- ture is then manipulated and the result is a strong and tough Japanese paper (Open ground seedlings)	2 ft.	\$ 5.00	..
Broussonetia Kajinoki , paper manufactur- ing stuff (Open ground seedlings)	2 ft.	5.00	..
Camellia theifera , widely cultivated plant producing the tea of commerce. In this country 3 year old seedlings give leaves suf- ficient to be picked, in 8 years they become splendid bushes, flowers very fragrant, white filled with numerous yellow stamens (Several in a pot)	1-2 in.	..	\$ 1.40	12.00	..
Camellia theifera , tea having rose coloured flower	8-12 in.	..	2.20
Camellia theifera , var. <i>macrophylla</i> , large leaved tea.. .. .	1 ft.	..	2.50
Camellia theifera , var. <i>macrophylla</i> , variegated.. .. .	1 ft.	\$.35
Cinnamomum camphora the Camphor tree, ornamental garden tree, well known camphor is prepared from its wood, and the wood is much used for making trunks, chests of drawers, etc. It is not attacked by insects which renders the wood best adapted to cabinet work, when planted among fruit trees they are said to prevent the attack of blights (Pot grown 2 on 3 plants in one pot)	1-1½ ft.	..	1.00	8.00	70.00
Daphne genkwa , industrial paper plant with small blue flowers	1 ft.	..	1.00
Polygonum sachalinense , foliage plant (roots)	2.00	15.00
Ipomoea batatas , Japanese sweet potato very useful Japanese food plant	Tubers.	1.00	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Juncus communis , grows in marshy places, fine Japanese mats are made of this stalks (In pot several plants)	Pots.	..	\$.80
Lindera sericea , deciduous shrub, the branches has aromatic odour, good to make teeth-picks, and the oil is pressed from the seeds.	1-1½ ft.	..	1.50
Morus alba , the silk worm mulberry, several varieties cultivated wherever silk industry is going on (Open ground grown)	1-1½ ft.	3.00	28.00
Edgeworthia papyrifera , paper manufacturing plant	4.00	..
Pueraria thunbergiana , good starch is prepared from these tuberous roots. It is a good climber (Tuberous-root)	4.00	..
Rhus semi-alata , well known gall occasioned by the sting of a leave-louse (<i>Aphis Chinensis</i>) are taken from this plant which is one of the valuable commercial staples in China (Open ground grown)	1-2 ft.	..	.35	3.00	..
Rhus succedanea (wax or tarrow tree), leaves turn beautifully red in autumn, very ornamental in garden and seeds produce wax, (Pot grown)	1-2 ft.	..	.45	4.00	..
Rhus vernicifera (lacquer tree), very fine as foliage-tree in garden. The pinnate leaves turn brown red in autumn, well known lacquer sap is obtained from the plant (Open ground seedling)	1-2 ft.	2.50	20.00
Rubia tinctoria , famous dye plant (Clamp)	1.20
Salix multinervis , thrives best near stream, the Japanese port-manteau for travelling is made of its twigs (Open ground seedlings)	2 ft.	..	1.20
Wickstroemia pauciflora , from its bark the celebrated Japanese copying paper is made	1.00	9.00	..
Zizania aquatica , perennial grass growing near water 5-6 feet high, fruit can be eaten and mats are made from its stalks (Clump)40

SUITABLE FOR HEDGES AND STREET PLANTING.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Acanthopanax aculeatum , deciduous thorny shrub good for hedges, young leave can be eaten after boiling	\$1.50	\$14.00	..
Citrus trifoliata , fully thorned, good for hedges, strong stock plant for grafting orange trees..	1.20	10.00	..
Cryptomeria japonica , stately large timber tree, thorny leaves shoot very thickly, good for hedges (See conifer)
Distylium racemosum , evergreen, good for hedges as well as ornamental in garden	2.00
Euonymus japonica , evergreen lustrous leaves good for hedges	6.00	50.00
Hibiscus Syriacus , deciduous shrub of malva family growing to the height 6-7 ft., its bushy nature suits well for hedges, flowering every morning and fading in the evening, fibrous bark good for twine and rope	2.00
Lindera sericea , the dried branches fastened closely are used in marking rustic fences	1.50
Quercus cuspidata , edible acorn bearer, good for hedges, evergreen (Pot grown)80
Bambusa agrestis , small kind of Bamboo used for hedges..	1.50	14.00	..
Aesculus turbinata , showy luxuriant foliage best for shading (Open ground seedling) ..	1-1½ ft.	..	1.00	8.00	..
Albizzia julibrissin , a favourite ornamental red tufted flower, used for shading	1.00	9.00
Cladrastis amurensis , good ornamental plant white papilionaceous flower dark green pinnate leaves, also good for street planting	1-2 ft.	..	1.50
Cornus macrophylla , highly ornamental for street planting, white flower in umbel (Pot grown)	1-2 ft.	..	1.00
Melia japonica , lilac fragrant flowers forming short panicle suitable for shade tree of rapid growing (Seedling)	2-0 ft.	..	1.00
Magnolia hypoleuca , large leaved magnolia good for shading and street planting (See magnolia)	1-2 ft.	..	.80
Paulownia imperialis , a very noble deciduous tree thrives in any soil, rapid growth, large leaves good for shading, the wood is light and good for furniture (Open ground), ..	3-4 ft.	3.00	25.00

Rhapsis Humilis.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Sterculia platanifolia , noble deciduous luxuriant foliage with smooth and plain green trunk good for avenue and shade tree ..	1-1½ ft.
Sterculia platanifolia , splendid variegated foliage (See deciduous plant)
Styrax obassia , stately ornamental tree, large round leaves white drooping flowers in panicles (See deciduous plant) ..	1-1½ ft.

PALMS, CYCAS, BAMBOOS AND GRASSES.

LIVISTONIA CHINENSIS.

CHAMAEROPS EXCELSA.

Chamaerops excelsa, rapid growth, easy culture, hairs that cover shoots we utilize to make strong water-proof rope matting, and mats (Pot grown)—Height: 6-10 in.; per 10 \$ Gold: \$2.00; per 100 \$ Gold: \$18.00.

Chamaerops humilis, a handsome dwarf variety attaining about 10 feet, leave hard and smaller than the preceding (Pot grown)—Height: 6-10 in.; per 10 \$ Gold: \$3.50; per 100 \$ Gold: \$30.00.

Rhapis humilis, called Shurochiku, fine palm highly ornamental, with graceful slender parted leaves—Height: 4-24 in. mixed; per 100 shoots \$ Gold: \$18.00.

Rhapis humilis, with variegated leaves—Height: 4-18 in.; each \$ Gold: \$1.70.

Rhapis flabelliformis (Kwan-non-Chiku) very attractive ornamental palm with broader leaflets and thicker stem—Height: 4-18 in.; per 100 shoots \$ Gold: \$16.50.

Rhapis flabelliformis, with variegated leaves—Height: 4-18 ft.; each \$ Gold: \$1.50.

Livistonia chinensis, very handsome Chinese fan palm for ornament (See cut) 5 inch pot—Per 100 \$ Gold: \$15.00.

Ditto 6 inch pot—Per 100 \$ Gold: \$20.00.

Cycas revoluta, we are special growers of this noble decorative plant and can supply large quantities of any sizes in weight of trunks with leaves cut off:—

Height.	100 lbs.	1,000 lbs.	10,000 lbs.
½-1 ft. ..	\$5.00	\$45.00	\$400.00
1-3 ft. ..	4.30	37.00	350.00

(For Cycas dried leaves see the last page).

BAMBOO.

BAMBUSA (Bamboo), a well known ornamental plant, it also furnishes very useful materials for daily life, especially in this country, its numerous varieties, graceful and noble foliage deserve high commendation. As the plant is generally native of warm provinces, they will vary greatly in size when introduced into colder climate. Nevertheless some are quite hardy and thrives everywhere. Size and sectional diameter are here given according average Japanese grown.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Bambusa Striata , green and yellow striped bamboo, decorative garden plant (Pot grown)	1-2½ ft.	..	\$ 1.80	\$15.00	..
Bambusa Henonis (Hachiku), close ally of Madake, highly ornamental, stem 2 inches across, also used for furniture and baskets (Pot grown)	1-2½ ft.	..	1.00	8.00	..
Bambusa vulgaris , highly recommended for its rapid and easy growth, diameter 2-3 inches gives branches from knots, max. height 40 feet (Pot grown)	1-2½ ft.	\$.30
Bambusa marliacea , Shibo-chiku or wrinkled bamboo, very rare (Pot grown)	1½-2 ft.	..	2.80
Bambusa aurea , owing to its close knots near the roots is suitable for walking canes, 1½ inches in diameter and 10 feet in height (3-4 shoot in a pot)	1½-2 ft.	..	1.00	8.00	..
Bambusa aurea variegata , variegated both leaves and stem	1-2 ft.	.50

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Bambusa pygmaea , ornamental grassy bamboo 3-5 inches high (Pot grown)	3-5 in.	..	\$ 1.20	\$10.00	..
Bambusa Taiho-chiku , highly ornamental slender stem 10 feet in height (Pot grown) ..	1½-2 ft.	..	1.20
Bambusa Suo-chiku , yellow and green stripes on stem, very ornamental, (Clump pot grown)	1½-2 ft.	..	1.20	10.00	..
Bambusa agrestis , slender stem height 4-5 feet ½ inch across (Pot grown)	1½-2 ft.	..	1.20	10.00	..
Bambusa agrestis , variegated leaves (Pot grown)	„	\$.50	3.00
Bambusa Veitchii , dark green white marginal leaves, thrives in shady places (Pot grown)	„	..	1.00	8.00	..
Bambusa argenteo-striata , dwarf suitable ornamental grassy bush 6-7 inches in height, suitable for open ground as well as pot plant being indispensable for garden planting, white variegation (Clump pot grown) ..	„	..	1.50	12.00	..
Bambusa aureo-striata , yellow variegated (Pot grown)	„	..	1.50	12.00	..
Bambusa nana , small fancy bamboo	„	..	1.00	8.00	..
Phyllostachys quadrangularis , four-cornered cane, one of rarest kinds suitable for garden planting, its stems are used for walking canes (Pot grown)	„	..	2.00	18.00	..
Phyllostachys Quilicoides , common giant bamboo general garden plant easy growth, and remarkable for its height often 40 feet, with diameter 4-5 inches	1.20	10.00	..
Phyllostachys Mitis , one of the largest bamboos 6 inches across 28-38 feet high. Extensively cultivated for various furniture works, water pipes, etc., and especially for its young club-shaped sprout, eaten as vegetable (1 Shoot pot grown)	1.80	15.00	..
Phyllostachys nigra , black bamboo, best ornamental, max. 30 feet in height, 1-2 inches across, are used as cane, umbrella handles, etc. (Pot grown)	2 ft.	..	1.20	10.00	..
Phyllostachys nigra punctata , black spotted bamboo close ally of the preceding being larger, max. 36 feet in height, 1-2 in. across general use same as above (Pot grown)	1-2 ft.	..	1.20	10.00	..

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Phyllostachys heterocycla , tortoise shell-knotted species, 3 inches across (Pot grown)	1½-2 ft.	..	\$ 2.50
Phyllostachys Kumasasa , small slender grassy bamboo, good for garden planting in shady place (3-5 shoots, in a pot)	1.20	\$10.00	..
Phyllostachys bambusoides , Japanese arrow bamboo, arrows are made of this slender straight stalks, which also extensively used to support other soft flexible plant from wind (Clump pot grown)	1.20	1.00	..
Arundinaria Hindsii , suitable for ornamental planting, bushy growth, slender stems (Pot grown)	1½-2 ft.	..	1.20	10.00	..
Arundinaria Hindsii graminea
Arundinaria metake , slender bamboo	1.00	8.00	..
Arundinaria Narihira
Phragmitis communis (Japanese rush), this stem extensively used for supporting chrysanthemum from wind and to keep straight its stem also for thatching and for making mats for shading (Clump pot grown)	1.20	10.00	..
Eularia japonica , very graceful tall ornamental grass giving ostrich feathered dried panicle used for dry bouquet (see the last page)	1.20	10.00	..
Eularia Natsubo , early variety, flowers in July and August (Clump)	1.50	13.00	..
Eularia japonica zebrina , distinct white band across the leaves in succession, white panicles	1.20	10.00	..
Evergreen Eularia , evergreen growing mostly sea-side. 5-6 feet in height, larger and stronger than common Eularia, dried spikes furnish a parlour ornament (Strong clump)	1.00	8.00	..
Miscanthus sacchariflorus (Ogi) , close ally of the Eularia japonica 5-6 feet leaves broader and stronger than the Eularia Japonica (strong clump)	1.00	8.00	..
Carex Gaudichaudiana	2.00	18.00	..

ADONIS DAVURICA.

HARDY PERENNIALS AND FLOWERING PLANTS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Achillea sibirica , perennial flower, white and clustered, suitable for bouquet (Strong clump)	\$1.20	\$10.00	..
Adonis davurica , earliest canary yellow lovely flower of spring (Strong clump).
Single	1 ft.	..	.60	5.00	..
Very double	2.50	20.00	..
Ammania japonica , small light-violet perennial flower in August (Clump)	1.80	15.00	..
Anemone cernua , perennial deep purple bell-flower good for cutting and basket flowers (Clump)	1.00	8.00	..
Anemone hepatica , light pink flower, perennial (Clump)	1-3 ft.	..	.80	7.00	..
Anemone japonica , reddish purple chrysanthemum-like flower in autumn 2½ ft. in height	1.00	8.00	..
Anthericum yedoense , perennial herb suitable for garden border	1.20	10.00	..
Aquilegia atropurpurea , handsome ornamental perennial blue flowers	1.20	10.00	..
Aralia cordata , luxuriant leaves, ornamental garden perennial as well culinary plant as asparagus with good flavour	1.00	8.00	..
Arisaema japonicum , strong tuber send forth a curious spathe in May spotted dark purple70	5.00	..
Arisaema ringens , purplish spathe close ally of the preceding70	5.00	..
Aster tartaricus , tall perennial suitable for garden and cutting flowers70	5.00	..
Astilbe japonica , ornamental small perennial, in summer white small flowers in panicle80	7.00	..
Asarum Sieboldi , perennial herb of Aristrochia family thrive well in shady place, purple flower near root, esteemed for the variegation of leaves	1.00
Asarum Blumei , more than 20 variegations of leaves are known	1.00
Asparagus Schoberioides , ornamental showy tufty foliage, perennial herb (Clump)60	5.00	..
Aspidistra lurida , plain green leaved	2.50	20.00
Aspidistra lurida , variegated	4.00	35.00
					(Per leave.)
					(Per leave.)

PETASITES JAPONICUS GIGANTEUS.

ASPIDISTRA LURIDA.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Begonia evansiana , Japanese begonia	\$ 1.00	\$ 8.00	..
Campanula punctata , lovely bell flowers purplish colour with deeper spots70	5.00	..
Caltha palustris , small perennial herb growing in marshy place, in late spring stretches long stalk with yellow flower, hanging nature	1.20	10.00	..
Caltha palustris , white variegated leaves	1.50
Conandron ramondoides , purple flower, large leaves growing in shady and rocky place60	5.00	..
Conophallus Konjak , splendid ornamental tuberous plant, flowers with enormous spadix50
Dicentra spectabilis , showy perennial pink flowering herb	1.20
Epimedium macranthum , very fine violet clustered flowering perennial50
Funkia ovata , beautiful purple flowers in raceme, round large leaves, spoon shaped with long stipules50
Funkia ovata , smaller leaved variety white variegated70
Funkia ovata , large oval leaves white margin	1.00
Gentiana scabra , var. Buergeri , large deep violet bell flower	1.50
Gentiana scabra , var. Buergeri , variegated leaves
Hemerocallis flava , large orange flowering garden perennial (See bulbs page 4).	1.00
Leucanthemum nipponicum , chrysanthemum family, in autumn white flower yellowish centre 2-3 ft. high, graceful perennial flower	1.00
Leucanthemum arcticum , dwarf kind of the preceding 5-10 inches high, a pretty perennial	1.00
Lychnis grandiflora , deep carmine flowering perennial, suitable table flower50
Lychnis Senno , deep carmine flower, perennial suitable for bouquets50
Lychnis Senno , mottled and striped flower..50

Chamaecyparis Obtusa, nana.

Specimens of the famous Japanese naninized tree, above 100 years in pots.

(See Page 35).

- Musa basjoo**, Japanese plantain growing 15 feet high in warm country, leaves often attaining the length of 6 feet
- Musa coccinea**, robust and dwarf species splendid red flower, fine hot-house plant ..
- Ophiopogon jaburan**, white striped foliage ornamental plant (Strong clump in pot) ..
- Ophiopogon japonicus**, evergreen herbs growing well in shady places good for borders of beds in garden (Strong clump) ..
- Ophelia diluta**, perennial with fine violet flower ..
- Patrinia scabiosaefolia**, lovely yellow slender autumnal flowering perennial with long flower stalk

CLIMBERS AND CREEPERS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Actinidia arguta , used as an ornamental climber as well as a fruit plant, white flowers in summer $\frac{1}{2}$ inch across20	1.50
Actinidia polygama , an ornamental climber, white flower, deciduous20	1.50
Akebia quinata , hardy ornamental foliage climber yielding edible mucilaginous fruits..	..	.12	1.00
Akebia lobata , close ally of the preceding with 3 leaves on one stalk instead of five12	1.00
Stauntonia hexaphylla , close ally of the preceding, leaves larger, splendid lustrous evergreen, same kind of fruit is produced12	1.00
Aristolochia debilis , ornamental climber, in summer, purplish green flower on a long stalk10	.80
Berchemia racemosa , flexible woody vine very strong, used for plaiting baskets..15	1.20
Berchemia racemosa , variegated leaves25	2.00
Celastrus articulata , highly ornamental woody vine having yellow small fruit after the leaves fall off12	1.00
Clematis florida , beautiful climber, flowers greenish white12	1.00
Clematis florida , double white tipped with green near the centre12	1.00
Clematis paniculata , hardy climber with fragrant white small flowers in cluster50
Clematis patens , violet large flower highly recommended12	1.00
Clematis patens , double fine white15	1.20
Ficus pumila , creeping on rock and wood
Heterosmilax japonica , ornamental climber.	..	.15	1.20
Hoya carnosa , thick succulent leaved climber pink waxy flower forming umbel18	1.50
Hoya carnosa , central variegated leaves25	2.00
Hoya carnosa , marginal variegated leaves25	2.00
Hydrangea radicans , ornamental woody vine, white umbel flowers	2.00

JAPANESE IMPERIAL
MORNING GLORY.

Pharbitis hederacea, Japanese Imperial large flowering morning glory, annual climber (See seeds)

Trichosanthes cucumeroides, Handsome climbing plant with beautiful white flower blooming from evening till morning. When the flowers over red big hen's egg-sized fruits hang on the vine—Per 10 \$ Gold: \$2.00.

Trichosanthes japonica, almost same character as the preceding, but the fruit is larger and yellow—Per 10 \$ Gold: \$2.50.

Kadsura japonica, ornamental woody vine, red berry bearer, good for trellis and walls—Each \$ Gold: \$.12; per 10 \$ Gold: \$1.00.

Kadsura japonica, foggy spot on green—Each \$ Gold: \$.18; per 10 \$ Gold: \$1.50.

Kadsura japonica, marginal white variegation—Each \$ Gold: \$.18; per 10 \$ Gold: \$1.50.

Lygodium japonicum, ornamental climbing fern—Each \$ Gold: \$.12; per 10 \$ Gold: \$1.00.

Milletia japonica, strong small climber, white having wistaria-like flower—Each \$ Gold: \$.12; per 10 \$ Gold: \$1.00.

Pueraria Thunbergiana, perennial vine both decorative and economic, violet papilion-flower, the best starch is obtained from its roots, ornamental climber for shading.

Rubus rosifolius, var. **coronarius**, white double flower, climbing rose

Schizophragma hydrangeoides, flower resembles very much the hydrangea but is climbing (See Hydrangea)

Tecoma grandiflora, splendid bell shaped orange flower, beautiful climber

Trachelaperrum jasminoides, fine small leaved climber

Wistaria Chinensis, purple splendid flower spike, best trellis-vine attains about 100 feet, long spikes sometimes 2 feet

Wistaria Chinensis, double purple flower. .

Wistaria brachybotrys, white flowering wistaria

FERN S.

FERNS, their graceful nature and great diversities of foliage make them much valued for Wardian cases, ferneries, and rock-works where there is moisture and shade.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Adiantum monochlamys , small fronds. Black stems, attains ½ foot (Pot grown)	\$2.00
Adiantum pedatum , with greyish brown hairs attains 1 foot branching horizontally (Pot grown)	1.80
Angiopteris erecta , evergreen fronds, large leaves come out from a trunk (Trunk size 3 inches)	2.50
Nephrolepis tuberosa , (sword fern) long fronds standing 1½-2 feet long	1.50
Aspidium lepidocaulon , creeping fern, good for hanging purpose, thick dark-green	2.20
Aspidium falcatum , with fleshy trunks like cycas revoluta leaves	1.20	\$10.00	..
Aspidium filix-mas , thick leaf blade	1.50
Aspidium prolificum	2.00
Aspidium tripterons , cross frond fern	1.20
Asplenium nidus , large thick broad blade reaching to 4 feet in length	3.50
Aspidium viridescens , both sides of foliage are equally showy	1.00	8.00	..
Asplenium rutaefolium , Thuya fern, so- called from its Thuya-like leaves .. ✓	1.00
Cyathea spinulosa , tree fern	1 ft.	..	3.00	25.00	..
Davallia bullata , very important Japanese fern, its rhizomes are worked into different artificial models imitating such as, balls, houses, rings, moons, Junks, etc.	Ball and ring forms.	..	1.80	16 50	..
Ditto different designs	4.00	35.00	..
Davallia stricta , with variegated leaves50	4 50
Hymenophyllum polyanthos25	1.00
Lomaria nipponica , richly curled, curious comb-shaped	3.50
Lygodium japonicum , climbing Japanese fern	1.50
Onychium japonicum , tufty, very beautiful fern	1.20
Onoclea sensibilis , deciduous fine fronds	1.50

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Osmanda claytoniana , foliage appears in April, good for rock-works, yellowish flower.	2.20
Osmanda japonica corymbifera	1.20
Osmanda Regalis , pot grown attains about 1 foot, very bushy	1.50
Polypodium lingua , long oak-like thick blade	1.50
Polypodium tricuspe	1.50
Polystichum aristatum variegatum	3.00
Pteris serrulata , narrow ribbow-like long leaves	2.20
Pteris serrulata , Hagoromo, white variegated	2.20
Scolopendrium vulgare
Woodwardia orientalis	2.00
Selaginella caulescens	1.20
Selaginella involvens	1.50

AQUATIC PLANTS.

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Nelumbium speciosum , the famous Japanese, lotus noted for its large beautiful flowers (Rhizome in pot)
Large pure white variety
Large light rose variety
Small white variety
Small pink variety and many others

Our choice collection of 10 varieties all different in sizes and shades \$5.00.

Nymphaea tetragona , leaves floating on water, in mid-summer double white flowers open in after-noon only	\$.18	\$1.50	..
Nuphur japonica , large leaves standing above the water in late summer18	1.50	..
Trapa bispinosa , aquatic annual plant floating on stagnant water, white flowers with 4 petals come out in beginning of summer giving edible fruit with 2 or sometimes four corns (By seeds)	Packet	.10
Euriale ferox , large round leaves, floating on stagnant water, both faces of the leaves are covered with thorns, is summer purple flowers bloom on long stalk above water, very showy (By seeds)	Packet	.10

	Height.	Each \$ Gold.	Per 10 \$ Gold.	Per 100 \$ Gold.	Per 1,000 \$ Gold.
Sagittaria sagittaeifolia , edible tuber grow- ing in watery places several stems and leaves come out from one tuber, one of the best vegetables as well as an ornamental plants...20
Scirpus lacustris , var. genuinus , orna- mental aquatic perennial plant round singu- lar stick-like leaves growing to the height of 5-6 feet	1.00
Scirpus lacustris , ver. digynus , resem- ble very much the preceding but has triangu- lar sticks	1.00
Carex gaudichaudiana , Handsome aquatic plant with long narrow leaves, cyperus family (Large clump)	2.50
